Clerical error claimed

Tax bureau misses councilman's billing

By JIM CARRAVALLAH
Of The Roman Staff

An apparent "clerical error" by personnel in the Romulus City Hall or at the Wayne County Bureau of Taxation has allowed a Romulus city councilman to escape paying taxes on a commercial building for at least a year.

Until last week, neither the Bureau of Taxation nor the Romulus City Assessor's office showed a record of a building with a \$3,520 assessment owned by Romulus City Councilman James C. Stewart, even though the building was occupied since October 8, 1973.

The oversight allowed Stewart to escape paying some \$180 in city, county and school taxes for 1973 and an undetermined amount since 1971.

The discovery was made following a 3-week investigation in the Romulus City Hall which included work by the Romulus city assessor, the director of building, the city treasurer and the city engineer to determine whether Stewart had paid the taxes.

The investigation revealed that although Stewart took out a building permit for the construction of a welding shop near his home on Harrison on Oct. 18, 1971, no record of the permit was forwarded to Wayne County until last week.

Romulus City Assessor Harold Reiner described the problem as "a human error" to the Romulus City Council April 8 after several councilmen, other elected officials and newspapers in the community received an anonymous letter charging that Stewart had escaped paying the taxes.

The council acted that night to order the city attorney to research tax law to determine if there was any violation of law and if there was any legal means to obtain the back taxes.

Romulus Mayor Terry L. Troutt refused to comment on the legal ramifications of the incident, but said:

"I think it's safe to say that once the report is in, the blame will rest with someone for poor work."

According to Troutt, procedure

within the city is to forward building permits and inspection reports from the building department to the city assessor's office to ensure that tax rolls are brought up to date on new construction.

The permits also are sent to the Bureau of Taxation to ensure that taxes are up to date.

According to tax law, residents of a city are to pay property tax on all improvements to their property, including stages of construction of a new building.

City tax records showed that Stewart paid \$29.10 per year since 1971 on four 20-foot lots on which his building rests.

Records also show inspection of footings in April 1972, walls, roofing and windows and mechanical work in December 1972 and the issuance of an occupancy permit in October 1973.

Stewart also tapped the Romulus water system for the building on Oct. 18, 1971, the sewer system on May 18, 1972 and had the water turned on May 1, 1973.

When the initial building permit was

taken out Oct. 18, 1971, Stewart specified that he would be constructing a 40 by 60-foot structure at an estimated cost of \$17,000.

A recent inspection of the building set the assessed value at the \$3,520 figure.

Investigation of the incident included inspection of the tax rolls for the city by both the city assessor and the Romulus City Treasurer John Lewkowicz and a survey of the land by the city's Engineering Department to determine if the building did rest on the four lots owned by Stewart.

Stewart calls dispute 'political hatchet job'

A Romulus city councilman whose building escaped being taxed for at least a year terms publicity on the incident "a political hatchet job" and indicated he will pay the taxes if billed.

Romulus City Councilman James C. Stewart said he is not to blame for what was described as a "clerical error" which allowed him to escape paying at least \$180 in taxes on his 40-by-60-foot commercial building last year.

"It's the fault of the city administration and the Bureau of Taxation at the county that my building wasn't on the tax rolls," Stewart added. "I wasn't going to notify anyone, but I was waiting for a double tax bill to make up for the error."

"Instead, the mayor has started a smear campaign on me."

Stewart blamed Mayor Terry L. Troutt of Romulus for sending an anonymous letter to newspapers and elected officials in the city detailing Stewart's reduced taxes on the commercial building he began constructing in 1971.

"It must be political campaign time," he continued. "I did nothing wrong, but I'm being smeared for the administration's error."

Stewart said he would pay the back taxes on the property "if I'm sent a bill" but added:

"If there's no legal means to make me pay, then I won't."

"I'm not going to pay for someone else's error."

"I feel no moral obligation to pay taxes if I'm not billed for them, but I fully expected to be billed."

Stewart added he has been using the building as a welding shop since October 1973 when he obtained an occupancy permit for it from the Romulus Building Department.

"There was no reason not to use it," he said. "I expected to be taxed for it afterwards, but wasn't."

"I didn't notify anyone because what taxpayer notifies the city if he thinks he's underassessed."

"It's up to the city administration to see that all taxpayers are on the rolls, and it's their fault when the taxpayers aren't included."

"I'd say the whole thing is pretty sloppy."

Stewart wouldn't offer any opinion on the action by the Romulus City Council to request a legal opinion from City Attorney William Munger on the legality of Stewart's tax situation and the possibility of collecting back taxes.

However, he admitted he has been using the building since 1973 and that he hadn't received a tax bill on the building for that year.

"That's fact," he said. "But it's not my fault it happened that way."

"There's nothing to say, but I doubt there will be a legal means to make me pay."

Stewart indicated he would be meeting with his personal attorney to determine his rights following revelation of the tax bill discrepancy.

"I will say if it gets too far out of hand, I'll be suing," he said.

Showing the way

Nils Carlson (above), who has been practicing glass blowing for more than 45 years shows student Shirley Moore of Trenton some of his skills while Jon Gardner (below) of New Boston practices on his own during a recent session in Huron Township. Jon, an 18-year-old student in Huron High School,

has been described as "my protege" by Carlson. Carlson, 60, has worked at Greenfield Village, demonstrating the craft. He'll be at the Belleville Chamber of Commerce Spring Trade Fair next month to demonstrate. — Photos by The Romulus Roman Chief Photographer Lothar Konietzko.

'GLASSY' Blower creates crystalline 'characters'

By JIM CARRAVALLAH
Of The Roman Staff

A 60-year-old Huron Township resident is parlaying a skill he learned back in the days when radio was an infant into a worthwhile craft, which isn't too common.

Nils Carlson started out blowing glass back in 1930 when he worked in a radio vacuum tube factory, but when the tube-making function was taken over by machinery, he was one of the few who found himself without a job.

Carlson took the skill he learned and turned it into a craft which allowed him to shape vases, small animals, dancing figures and tiny models out of molten glass.

And after 45 years of work, he's busy passing his knowledge on so others can perpetuate the skill.

"I tell all my students that it takes patience and fortitude to be a good glassblower," Carlson said in his studio on Huron River Drive near Vining Road. "A good craftsman takes his time to create things of beauty and has to have extreme concentration to do the work correctly."

"And if he practices at it, he's got a worthwhile craft."

Carlson used his craft to travel throughout the United States, first in a carnival where he worked in the side shows and then by himself, working at fairs and other gatherings.

"Back then, the glassblower was attractive and the center-of-any show," Carlson said. "People turned out from all around to see the work."

"I enjoyed it because it was interesting for a young man to live out of a suit case."

Over the years, Carlson settled down, finally taking a job at Greenfield Village in Dearborn in 1956. He stayed with the Henry Ford Museum in the historical village until 1968, when he branched out on his own, this time traveling to shopping centers and fairs to demonstrate his skill.

"Still people are fascinated by the glassblower," Carlson said. "But these days they have no opportunity to appreciate it as a real craft because of the imitations surrounding them."

"I build models with character, not

like the items found in gift shops where all that glitters is the glass."

Carlson has three students working in his Huron Township studio, including a housewife from Trenton and a 18-year-old student from Huron High School, Jon Gardner.

"I consider Jon my protege," Carlson said. "I've got a lot of knowledge which I won't be able to use as I get older, so it's important to pass it along."

Jon has been working with Carlson for the past year, mostly after school

and during the summer. And while the student knows what is bad about glass-blown objects, he's having his difficulties creating works which satisfy him.

"It's tough," Jon said. "But I'm really grateful for the opportunity to work with Mr. Carlson."

"He's a great teacher, and some day I'll work to make him proud."

While Carlson's craft is unusual in this area, he said it is becoming more common.

"In 1956, I was the only glassblower in Michigan," Carlson said. "But today, you can travel to a number of shopping centers and find at least a few glassblowers around."

Carlson's dream is to perpetuate his skill through education.

"Someday I'd like to build a school as part of an enrichment program," he continued. "I almost had a plan worked out with the Huron School District, but it was killed when the teachers protested me working in the schools without the proper credentials."

"It's unfortunate, because it would have been interesting to the students."

Despite his dreams, Carlson is having his troubles in his craft. Even in glass blowing, the recession has an ill effect.

"I have to work three days a week to make ends meet," he said. "So I've got a job related to my craft."

While Carlson's studio is open three days a week, the other days he's working in a neon sign factory — bending tubes to the shape required to light up commercial messages on buildings.

"It isn't bad work," he said. "But I'd rather be blowing glass than bending it."

"I'm hoping the times improve."

On the inside

Officials from all levels of government have called the planned development of a multi-million dollar manufacturing complex in Romulus a "godsend." See story on Page B-5.

Work will begin on the proposed Cogswell Park development in Romulus as soon as weather permits now that the city has received a state grant of \$61,500. See story on Page A-2.

For spring work

State OKs Cogswell funds

Romulus will be able to begin work on its proposed Cogswell Park on Cogswell Road near the Huron River Estates as soon as the weather breaks. The city has received a \$61,500 grant from Michigan to help in development of the \$250,000 facility.

"The city is overjoyed," said Mayor Terry L. Troutt in announcing the grant. "The application for the grant was hand-delivered only one month ago, and now the city has the funds available."

Cogswell is to be another of the proposed eight recreation areas proposed by Troutt during the 1973 campaign for mayor. Receipt of the funds makes it possible that the city will have four of the sites finished by the end of the summer. "The Cogswell site will be a welcome addition to the city's recreation program,"

Troutt continued. "It will provide youngsters on the west side of the city with some valuable recreation area."

Proposed for the park are lighted ball diamonds, a tot recreation area, picnic areas and recreational equipment for youngsters.

"I expect construction to move along quickly," Troutt said.

The Cogswell site was obtained by the city in a purchase from a developer near Wabash Road. The developer sold the city six acres of land at a cost of \$5,200 per acre and donated another 6.5 acres worth \$26,500 to the city.

According to Romulus Economic Developer John Chihan, the donation of the acreage can be used as part of a matching funds requirement to obtain the state money.

Other sites run by the city include the former Elmer Johnson Park on Ozga Road, the Beverly-Henry Ruff Park at the intersection of the two roads and a site by

the Merriman Elementary School.

In addition, the city is hoping to obtain park rights on property near the Meadows Subdivision at Middlebelt and Eureka roads once the Romulus Board of Education makes the purchase of a proposed school site in the area.

Bill Wood will head local club

New officers have been elected for the Belleville Rotary Club. Chosen president was Bill Wood.

Ray Kohr will serve as vice-president, Bernard Boyd as secretary and Robert Baker as treasurer.

Directors will be Doug Brown and Ben Robertson, and Lynne Hamilton will serve as past president.

While financing is studied

County extends funding for patrol services

Township officials have been given a "stay of execution" from removal of police protective services by the Wayne County Sheriff's Road Patrol, but they also have been given a little more pressure to comply with the Wayne County Board of Commissioners on paying for that protection.

The Board of Commissioners has approved a 90-day extension of funding for the Road Patrol services in seven townships including Van Buren, Sumpter and Huron while also appointing a select committee to negotiate a means to finance part of the service with township funds.

Commissioners Lee E. Flowers (D-Detroit), George Z. Hart (D-Dearborn) and

'Officials continued to move on raising \$7,000 to appeal a decision by Wayne Circuit Court...'

William G. Suzore (D-Lincoln Park) have been named to the committee, assigned to negotiate a payment scheme to the county by townships for the Road Patrol service.

Township officials remained mum on the new development, which means the county will appropriate another \$350,000 to keep a 28-man patrol on township roads seven days a

week and 24 hours a day for the next three months.

And those same officials continued to move on raising \$7,000 to appeal a decision by the Wayne County Circuit Court which declared the Board of Commissioners had no legal obligation to fund the Road Patrol service.

To date, only Van Buren Township has

appropriated its \$1,000 share of the legal fees for the continued court battle.

However, Canton Township has affirmed its intention to fund the continued battle, and one township official commented:

"I don't think any of us can back down now."

A new law firm will handle any appeal of Wayne County Circuit Court Judge Thomas J. Foley's dismissal of a lawsuit by the townships demanding sheriff's Road Patrol protection of the Board of Commissioners.

The officials of the seven townships involved in the fight have agreed to hire the firm of Travis, Warren, Nayer and Burgoyne of Detroit.

No date has been set for filing the appeal. However, officials of the townships involved have declared they will file one.

Those townships involved in the continued litigation include Brownstown, Canton, Huron, Northville, Plymouth, Sumpter and Van Buren.

Norine L. Folley, 75, formerly of Belleville, died April 11, Roberts Bros. Funeral Home, Belleville.

David K. Silvani, the son of Mr. and Mrs. John Silvani of Belleville, died April 12, Roberts Bros. Funeral Home, Belleville.

Area meetings

The Belleville City Council will meet at 7:30 p.m. Monday in the Council Chambers of the Belleville City Hall, 6 Main St., Belleville.

Jobs follow votes

ROMULUS — On March 18, Romulus Councilman Jack Trumble voted to give a huge tax break to a new project of General Motors Corp.'s Diesel Allison Division. Later that week the firm gave him a job. Councilwoman Joan Lee also voted for the 12-year, 50 percent tax break on whatever GM builds on a 375-acre site in this Detroit suburb. Her husband, Robert, started work at the division the following day. Meanwhile, there are workers laid off from their jobs at Diesel Allison who have not been called back. Both GM and city officials maintain there is no conflict of interest in the hiring of Trumble and Lee. But the United Auto Workers Union disagrees — emphatically. The corporation's rehiring policy is a "firm, contractual arrangement" which strictly requires GM to recall its own laid off workers anywhere vacancies occur, a UAW spokesman said.

Lake levels to rise

Water levels on Belleville Lake will be returned to a spring level April 21.

Van Buren Township Supervisor G. Elton Gollwitzer said the township will begin raising the lake by five feet at that time to ensure that the lake is set for recreation during the late spring and summer months.

"We've kept the water at a lower level — some five feet below the summertime level — to guard against possible flooding on the upper reaches of the Huron River," Gollwitzer said. "It appears as though the river will be safe by April 21."

Gollwitzer added that the April 21 date was selected for raising the lake also to keep it in shape for fishing.

"While the lake serves as a flood control area, it also has turned into a valuable recreational area because of the State Department of Natural Resource planting of fish," the supervisor continued. "The information the township has indicates that by raising the lake, normal spawning can go on for most of the fish planted in the lake last year."

Van Buren controls the level of Belleville Lake by the operation of the Belleville Lake Dam near Haggerty Road and Huron River Drive.

Gollwitzer said he hopes to maintain a static lake level during the summer with the use of a locking system on gates inside the dam installed during the past year.

In the past, when the Detroit Edison Co. operated the dam, lake levels varied by as much as a foot over a weekend, because the dam was closed.

Clothier offers trade-in on suits

A sales boosting scheme for a local men's wear store not only may result in a better buy for area residents, but a boom to residents who cannot afford new men's wear.

Hayward's Men's Wear in the Westwood Mall on Rawsonville Road in Van Buren Township, is offering men a "trade-in" of \$15 on any suit and \$10 on any sports coat toward the purchase of either a new sports coat or suit at the store, and has promised to send the traded items to the Salvation Army post in Ypsilanti.

"I think this would be a tremendous program for the community," said Bob Fashbaugh, president of the Hayward's chain in Michigan. "Not only will it offer residents a chance to obtain something for their old clothing, but it also will provide those in need with clothing or a job."

Fashbaugh added that clothing donated to the Salvation Army will be repaired, if needed, by Army volunteers who are undergoing rehabilitation and then will be distributed to the needy.

The trade-in of items could result in up to a 12 percent reduction in price on a new suit and a 15 percent reduction in price on a sports coat.

Capt. Stan Whitley of the Ypsilanti Salvation Army Post praised the plan, saying:

"It's great such a program can be put together for those in need in Washtenaw and Wayne counties."

"I can assure those who participate in the program that the garments will go to good use."

"We use whatever clothing is given us not only to meet

the men's social needs but also to provide steady employment to persons working in our program."

Last year, Whitley reported that the Salvation Army helped nearly 800 families from the Ypsilanti post and gave material assistance, including donations of clothing, to

nearly 3,000 persons.

"I'm proud of the plan and hope it becomes a success," Fashbaugh said. "If the citizens of the area participate to a good extent, I can see this program becoming a yearly event, coming just in time to offer residents a chance to purchase new clothing."

Fashbaugh added that the same program has been used in a Jackson outlet of Hayward's with "great success" and said he is confident the same program can be adopted in the Belleville-Romulus area.

The sale will run from Thursday to May 3 in Van Buren Township.

Apartment dwellers seek improved roads

Residents of the Knob on the Lake apartment complex in Van Buren Township are going to confront their representatives tomorrow in an effort to improve the roads leading to their homes.

A mass meeting of the residents in the complex has been called to confront representatives of the Michigan State Highway Department and the Wayne County Road Commission (WCRC) with the complaints on the I-94 South Service Drive.

"The service drive is to be abandoned by the end of 1976, so there appears to be a reluctance by the two highway agencies to repair it,"

said Dick Mari, editor of the Knob on the Lake newspaper and leader of the citizens group protesting the road conditions. "But with conditions so poor on the road, it's actually turned into a hazard, and could result in a serious accident."

Mari estimates the road serves more than 5,000 residents each day and said many of them risk damage to their vehicles or serious accidents in their travels.

"There are many pot holes which could cause damage or send a vehicle out of control," Mari continued. "In addition, the service drive is adjacent to the eastbound lane of the ex-

pressway, causing a driver on the service drive to head toward two sets of headlights when driving westbound.

"The glare from the expressway and the service drive traffic headlights could cause problems for a driver."

Mari said the residents will be asking for more than the minimal patching job now done on the service drive and for construction of a headlight shield between the expressway and the road.

"It's important to care for this road because it provides the only access to the apartment complex," Mari added.

BELLEVILLE Lakewood Center

JACKSON Westwood Mall

I-94 AT RAWSONVILLE RD., BELLEVILLE, MICH. TELEPHONE 482-5883

Dear Customer,

Have you ever felt guilty about having so much when thousands of people throughout our City and County have so little? Take the matter of - clothings. That old suit or sport coat hanging in the back of your closet, for instance: there's still a lot of life in it, yet for one reason or another it's no longer suitable for office dress.

Well, we've come up with a great idea....see what you think. Bring your outgrown or outmoded suit or sport coat to us during the weeks of April 17th through May 3rd. We'll give you \$15 on the suit towards the purchase of a new suit. And \$10 on your sport coat towards the purchase of a new one. The clothing you bring in will be collected by the Salvation Army. This clothing will then be repaired by men from our area who are on a rehabilitation program to get back on their feet and become good citizens once more. The clothing will then be distributed to the very needy citizens in our county.

There you are. A chance to help others who are less fortunate and a chance to unclutter your closet as you upgrade your wardrobe.

Cordially,

Robert K. Fashbaugh
Roger C. Eaton

P.S. Call your friend and tell him about this good idea.

Court gives boards weapon

By WES THORP
Panax Lansing Bureau

The Michigan Supreme Court, with its opinion about the firing of the Crestwood teachers in Dearborn Heights, has insured that the controversy about teacher strikes will be around for a while.

It was hoped that the number of teacher strikes this fall could be kept to a minimum if the Legislature passed a new law regulating teacher-school board contract negotiations.

Several teacher strike bills have been introduced in the House and Senate and it was the hope of both Democrats and Republicans that one of them would become law before serious bargaining between teachers and local school boards begins in late summer.

But, the State Supreme Court, with its opinion, has given local school boards a new weapon to put in their arsenal for use when their teachers close classrooms by striking.

The weapon, according to the state's highest court, is the power to fire striking employees.

That's what the Crestwood School District did with 184 of its teachers last

year when its classrooms were closed by striking teachers last December.

The teachers cried foul, stating that the Crestwood school board violated rights given them under the Teacher Tenure Act (TTA) which states that teachers have to be given a hearing before their employment can be terminated.

The Crestwood teachers, who were fired, were successful in making this point to both the Circuit Court and the State Court of Appeals.

The State Supreme Court, however, reversed both of the lower courts and said the Crestwood school board had the prerogative to fire striking teachers. The Supreme Court said that the state Public Employment Relations Act (PERA) take precedence over the TTA in situations where there is a strike. And the PERA prohibits public

employees from striking.

Justice Charles L. Levin, who wrote the majority opinion, drew a careful distinction between the intent of the PERA which governs collective bargaining for public employees and the TTA which is aimed specifically at the procedures for disciplining of teachers.

The tenure act was intended to protect teachers from the political ups and downs of a community and give their employment an element of stability, Levin said.

"The Teachers' Tenure Act was not intended either in contemplation or design to cover labor disputes between school boards and their employees," he said in the opinion.

When the Legislature enacted teachers' tenure in 1937 it could not have anticipated collective bargaining or meant to provide for the resolution of labor relations disputes in public employment, he added.

So, Levin concluded that the PERA was the controlling law in strike situations and that a hearing does not have to be provided before a school board can fire a striking teacher. The PERA provides for the hearing to be

held, at the fired teachers request, after his employment has been terminated.

Levin, however, emphasized that the Michigan Employment Relations Commission (MERC) still would have the power to reinstate striking teachers, who are fired if it determines that the board engaged in an unfair labor practice.

What effect the Supreme Court's opinion will have is difficult to predict at this point. The opinion could be appealed to the U.S. Supreme Court which could refuse to hear the case.

If the nation's highest court does refuse to hear the case, then it will be important to watch the reactions of the local school boards to the State Supreme Court ruling.

The boards appear to have the upper hand in contract negotiations which could result in their losing interest in seeing the Legislature pass a teacher strike law.

The boards now have a Supreme Court approved plan for dealing with striking teachers — give them notice that they should report back to work by a certain date and if they don't then fire them.

It also will be important to watch the reaction of teacher unions to the court ruling. They almost are certain to appeal it to the U.S. Supreme Court, but there is no guarantee that the court will hear it.

The State Supreme Court's Crestwood opinion could give the teacher unions a more positive attitude about accepting some form of state regulation in the negotiation of their collective bargaining agreements.

The Michigan Education Association and other teacher unions have demanded repeal of the state law which prohibits public employee strikes. They have turned thumbs down on the proposals being considered by the Legislature, including a proposal for compulsory binding arbitration of negotiation impasses.

Knowing that the local boards could fire them for striking, it could make the teachers more amenable to accepting contract offers from the school board.

It's still very "iffy" and depends on the actions of several groups, including the teacher unions, the U.S. Supreme Court, and the Legislature.

Middle class must spend rebate to get Americans back on job

By STAN OPOTOWSKY
Panax Special Columnist

When we first tumbled into our current economic crisis, there was talk of sacrifices which the American people would endure. And the politicians vowed to "bite the bullet" and to "talk turkey" to the populace.

Whereupon, everybody sat back and waited for the other guy to make the sacrifices and the politicians pumped out their same old half-true guff designed to protect their own flanks (and other areas).

The debate over tax rebates is the perfect example of these failures.

First of all, let's make certain we understand the motive of the tax rebate. It is designed to pump more money into the key portion of the economy, that which makes the cars, refrigerators and TV sets. It is here where the jobs are needed and it is here where the jobs are wanting in this recession.

It is a fact of life that the middle class, the people making roughly \$10,000 a year and over, are those most likely to spend their rebates on these durable goods.

Therefore, if you want to pump up the purchases where they are most needed, the healthiest rebates should go to those who earn \$10,000 to \$25,000 a year.

But enter the politicians. They cried that this was a program "favoring the rich," and that the rebates ought to go to the lower income groups instead. This is a popular cry, as are all demagogic cries by definition. It

is also a spurious cry, a cry that repudiates their promise to talk hard truth to the public.

Sure the poorer people need the rebate money more. They need everything more, else they wouldn't be poor.

But the idea of the rebate program is not to make everyone a little more affluent. The idea is to increase spending on things we don't necessarily need for ourselves, but which the economy needs to make jobs for others.

The poorer groups will spend their rebate money for debts, food and clothing. They need such things, but spending for them won't create the jobs which would be created by the middle class purchase of cars.

There should be programs to help the poorer Americans who are being bled by higher prices. But the rebate is not such a program. The rebate is designed strictly to pump up sales of the durable goods, and shabby Congressional demagoguery should not blunt this tool of economic recovery.

The Congressman who wants to put more food on the tables of the lower income families would do better to dispense with the special-interest laws which kite food costs.

But if it is a middle-class rebate which will put people back to work, then let's have the middle-class rebate.

As they see it City 'avoids' lake

To the editor: It sure is good to know that our mayor and City Council did not get taken in on the big folly of taking part in accepting Belleville Lake, even as a gift.

It is interesting to note that when our township supervisor (Elton Gollwitzer) wanted to acquire (the white elephant) lake that the made no mention of the township's liability to the people downstream.

He now, after spending untold thousands of dollars on the dam, decides to warn everyone of our responsibilities.

This is undoubtedly the forerunner to a bid for a tax to maintain this gift. If all the money was spent on trash pickup instead of the white elephant, you wouldn't need a special assessment for taxes.

It also is interesting to note that no other administration got itself into so much trouble that it spent your valuable money by being constantly in trouble and needing lawyers to bail it out.

Well, your only choice to clean house passed by.

Again, I want to thank our mayor and council for not being involved in, the great lake takeover and its sure-fired problems to come.

W.W. Current
of Belleville

Wake up America! President needs support

It is time to circle the wagons and give President Ford a chance to save the United States from the humiliation the hand rubbing Communists seek to force upon us.

It is time to give the President enough elbow room to carry out the horribly difficult task of evacuating some 6,000 Americans and thousands of our South Vietnamese allies from the shrinking war zone in Indochina.

Such an evacuation may only be possible now through the temporary insertion of American troops into South Vietnam to hold open the escape corridors.

If it comes to that desperate pass, the whole world must be convinced that President Ford has the American people and Congress overwhelmingly behind him. After the political storms of recent years our friends and potential enemies abroad must become convinced that once again, in the President's words, "We are one nation, one government and we must have one foreign policy."

For this reason Panax Newspapers call on Congress promptly to strengthen the President's hand by making it clear that he has the unquestioned authority to use troops for evacuation purposes.

The South Vietnamese who worked for 20 years alongside Americans in military, governmental or business enterprises should not be abandoned to the torture instruments and firing squads possessed by the North Vietnamese Communists and the Viet Cong.

Our friends on this globe — in Western Europe, Israel, the Third World and elsewhere — will never view us in the same light again if we adopt a selfish "I'm all right, Jack, I'm in-board" attitude.

Hopefully, President Ford's solemn foreign policy address to a joint session of Congress will give Hanoi pause. It also may cause some rethinking by the Communist leaders in Moscow and Peking, for as the President said, East-West Detente must not "become a license to fish in troubled waters."

The President has asked Congress to appropriate \$722 million in emergency military aid for South Vietnam plus an additional \$250 million for economic and humanitarian aid. Neighboring Cambodia seems too far gone to help.

While the humanitarian program is expected to encounter little opposition, many congressmen and senators question whether new shipments of weapons could redress the military balance in South Vietnam or even reach the front in time to prevent the complete collapse of President Nguyen Van Thieu's government.

But that is not the point the way President Ford sees it. The United States government pledged its word to stand by South Vietnam. As long as there is any chance at all of the Saigon government surviving we should scrupulously keep up our end of the understanding.

It must be remembered this tragic drama in Southeast Asia is being played out on a world stage darkened by Communist advances in many places.

As a recent article in this newspaper made clear, the U.S. Sixth Fleet, once the unchallenged bulwark for all of southern Europe, now shares the Mediterranean with the fast growing Soviet fleet. It is an uneasy situation so far as western security is concerned.

Inept congressional ethnic log rolling has damaged our relationship with Turkey without improving our popularity among the Greeks, thus weakening the defense capability of the southeastern flank of NATO.

At another NATO flank, on the Southeastern Atlantic, the Communists have their salami slicing machine going full tilt. Each day the unfortunate Portuguese people find the reds slicing off a little more of their freedom.

Portugal's fate is a serious matter, both for the U.S. Sixth Fleet and for Israel. As a NATO ally it would seem impossible to keep the Communists in the Portuguese government from learning about the contingency plans of

the Western Alliance, including possible deployment situations for the fleet.

Furthermore, sophisticated American electronic gear located in the Azores keeps NATO informed, among other things, of the movement of Soviet

surface ships and submarines through the Strait of Gibraltar.

It would be hard to over estimate the damage western defensive arrangements would suffer if these Portuguese islands out in the Atlantic were denied to the United States by a

Communist regime in Lisbon.

Friends of Israel would do well to remember that without base facilities in the Azores it becomes much more difficult for the United States to airlift military supplies to Israel in the event of a new Middle East war.

Finally, considering the tremendous burdens the President is shouldering as he tries to prevent new disasters and heal old tragedies, the American people have a right to expect their Congress to accept the President's call for a revival of bipartisanship in foreign affairs.

Check out those books

Pay tribute to National Library Week.

By LEE SMITH
Suburban Living Editor

Film strips, tape cassettes, newspapers, magazines, records, viewmaster reels and — books. How's that for a selection of communication media all under one roof? What roof? Well, TWO roofs to be exact — those of the Romulus and Belleville Public Libraries.

Too many people are unaware of the vast facilities

the two emporiums have to offer and fail to take advantage of what's theirs for merely being a resident of Wayne County.

In Romulus, for instance, there is a new modern building (only four years old), housing over 30,879 books (that was the final inventory for 1974.) Sandwiched in between the categorized tomes are comfortable reading tables, chairs and lamps, an up-to-date copying machine and

a quiet meeting room.

OF IMPORTANCE, too, are the people ready and willing to help with your selections. Diane Hazen, head librarian, has three aides, Linda Houser, Elizabeth Levin and Joseph Lucas. There are also two pages, Debbie Ledford, and Joyce Wilson, students at Cleary College and Romulus High School, respectively.

Mrs. Hazen is proudly announcing the highest circulation for a one-month

period in the history of the Romulus Library system — 8,630 for the month of March as compared to 7,391 for the same period last year.

At the Belleville Library (formally titled the Fred C. Fisher Library) Helen McClatchey has the responsibility of overseeing some 22,000 books, a large reference collection, an extensive magazine selection, records, newspapers and periodicals, a huge accumulation of paperbacks

and a rack of fine pamphlets.

The newest member of the Belleville Staff is aide Phelix Hannible. Helen Beasecker, of course, is a long-time and valuable page.

STORY HOURS have, for many years, been a highlight of the library's activities. The current session began yesterday and will continue for the next five Tuesdays for children 3½ to 5 years of age. It's a fun time for the kiddies and a perfect introduction to the land of

books for them.

Demand for various books changes with the seasons and at the moment requests are heavy for gardening tomes — both the flowering type and grow-your-own food references. Do-it-yourself and how-to-books are another category on the popularity list and especially since so many people are concerned with the economy.

What she has noticed mostly, Mrs. McClatchey said, is the greater number

of men who are visiting the library — many of them with their small children in tow.

Belleville, too, offers the services of a copying machine, a separate kiddies' room with furniture geared to pint size and books for looking and touching.

"WHAT SO many people fail to realize," Mrs. McClatchey explained, "is that the number of books we are able to receive is determined by our circulation. The more books we check out, the

higher our chances for fuller shelves and better reading materials."

This is National Library Week and the theme is "Information Power". And of all the powers that are being promoted these days, it's one that should be endorsed heartily. Free access to information through our libraries is one of America's great traditions.

Don't take it for granted, though, this special week or any other week of the year.

Jaycee Auxiliary earns accolades

A member of the Romulus Jaycee Auxiliary has been named Outstanding Jaycette of the Year in the downriver district of the Michigan Jaycee Auxiliary.

Libby McNett was chosen for the award and will be entered in state-wide competition by the district later this summer.

The Romulus Auxiliary also took an award for outstanding community service. Known as the Radine Nipper Community Service Award, the honor was granted to the auxiliary for its garden contest.

The District meeting held March 31 was hosted by the Romulus Auxiliary.

In attendance were Judy Ettinger, Michigan Jaycee Auxiliary president, as well as past presidents Beth Clary and Stacey Henne. More than 100 persons attended the meeting.

The Downriver district includes Romulus, Lincoln Park, Turley, Allen Park and Southgate.

Speakers stress ecology at Study Club meeting

Exciting ideas for the Bicentennial Year celebration in Van Buren Township and Belleville were presented to the Women's Study Club by the president, Mrs. Thurston Jahr. Several ideas for beautification of the area were also discussed.

Members presented their gifts of money for the Girlstown fund - one of the club's projects.

"Ecology and Beautification of Van Buren Township and Belleville" were the topics for two local residents presented by the conservation committee chairman, Mrs. Rodney

Mast. Marshall Wied, teacher of ecology at Belleville High School, showed interesting and informative slides of the local area pointing out the need for immediate action to prevent further polluting of the lake and surrounding land. He discussed several practices by residents and commercial establishments which are destroying wildlife, quality of the water and the shoreline of Belleville and Ford lakes.

Sherry Erb, who is active in several beautification programs, discussed the many ways residents can

help make Belleville more attractive and clean with plantings, painting, clean-up, etc. May is the month traditionally set aside for these activities. She also suggested that when we notice improvements to residences and businesses, the people responsible should be complimented.

Refreshments were served by Mrs. Mast and her committee, Mrs. Jack Paulson who brought homemade napoleons and Mrs. Leo Turney, in the clubroom of Knob-On-The-Lake where all the meetings have been held during the current year.

BPW chooses new officers

The Belleville Business and Professional Women's Club (BPW) held its monthly meeting April 7 at South Junior High School. The young careerist committee welcomed 28 members in the home economics room where cake and coffee were served prior to the meeting.

Election of officers for 1975-76 took place at the business session. Barbara Mitchell was named president; Margaret Saunders, vice-president; Ruth Lindsay, recording secretary; Georgia Badgett, corresponding secretary; and Alice Brady, treasurer.

The officers-elect (with the exception of Mrs. Brady) will be delegates to the Michigan State Convention. Mrs. Mitchell will be

national delegate.

A new member, Maxine Miller, was accepted into the club. A full time organist at Roberts Brothers Funeral Home, she was sponsored by Eva Lupher.

The April 26 rummage sale was discussed and hours set from 9 a.m. to 3 p.m. at the Masonic Temple on Main Street.

District 15 held its spring meeting at Dearborn Inn with 15 members attending. The new district director is Betty Savage.

Romulus Sr. Citizens hold birthday dinner

The Romulus Senior Citizens held their birthday pot luck dinner honoring their March "babies" at the VFW Club with about 70 attending. Members in the limelight for the month were Elder Love, Tom Coleman, Ira Cooper, Gertrude Rise, Edward Thomas and Emma Pegouske. The Easter motif was used in decorating the tables.

Five women from the Romulus Rotary Ladies

Auxiliary, Florence Makino, Annette Mach, Eula Mach, Carol Crova and Helena Lisl, were guests of the club as a thank you for their help at Christmas time.

Bill Davidson, a former member and past president of the club, was in from Kentucky with his niece, Mabel Womak, for a special visit. Others on the guest list were Mr. and Mrs. Paul Kravig, (relatives of the Mac Intoshes) who recently

arrived back in the country after their missionary duties in Thailand.

The club also welcomed back Dorothy LaLonde and Esther (Granny) Camp who had been hospitalized.

March had been a busy time for the group with a shopping and movie trip, the Ice Capades and the Home and Garden Show on the agenda.

Bruder-Pluff wedding planned for August 2

MISS BRUDER

The First United Methodist Church of Belleville has been reserved for the August 2 wedding of Dawn Bruder and Alva A. Pluff. Their engagement and nuptial date are announced by Mr. and Mrs. Albert Straub of 14384 Elwell Rd., Belleville, parents of the bride-elect.

Miss Bruder, who resides at 831 Green, Ypsilanti, is a 1969 graduate of Belleville High School. A senior at Eastern Michigan

University, she is currently student teaching at Merriman Elementary School in Romulus.

Her fiancé is the son of Arthur Pluff of 13231 Beaubien, South Rockwood, and Mrs. Robert Van Brimer of 33321 Ludwig, East Rockwood. A resident of 147 Rustic Lane, Belleville, the prospective bridegroom is a member of Moose Lodge No. 1157 and is employed at Huron Valley Steel Corp. of Belleville.

Mrs. Welt plays hostess at Past Matrons lunch

The April meeting of the Past Matrons' Association was held April 2 at the home of Rose Ann Welt on Willis Road. Due to the severe storm of the previous night and the bad driving conditions, only 13 members were present. Luncheon tables were in keeping with the Easter season. The hostess was assisted by Dorothy Kellas.

The president conducted the business meeting and Eva Lupher read the Scripture from Isaiah. It

being the annual meeting new officers were elected as follows, president, Dorothy Kellas; vice president, Eva Lupher; secretary, Elda Bohl; and treasurer, Frances McAtee.

Past Matron Florence Sugars will install the officers at the May 1 meeting which will be held at the home of Elda Bohl.

A card was signed and sent to Edna Florian who was unable to be present because of illness.

Members who held the

lucky numbers for the drawing were Ada Sager, Elda Bohl and Joyce Maki.

Reminiscing's 'the thing' after vacations

By Mrs. Joseph Spring
699-4021

Mr. and Mrs. Wallace Smith and son Tom of Borgman Street enjoyed a trip during Easter vacation to Gaylord, Houghton Lake and Harrison. At the latter place they visited former Quirk Road residents, Mr. and Mrs. Troye Lambert.

Mr. and Mrs. George Maki of Quirk Road recently returned by plane from Bryn Mawr, Pa. where they spent several days with their son

and wife, Alan and Pam Maki.

David and Timothy Denison of Spring Grove, Ill. were week-end guests of their grandmother, Mrs. Carl Mumford of Fret Road.

Announcements have been received by friends of the marriage of Laurie Lynne Post, granddaughter of the late Mrs. Orrin R. Post, to Thomas Hess Forbes on March 22 at Christ Episcopal Church in Dearborn.

Overnight guests last week at the home of Mr. and Mrs. Henry Deering of W. Huron River Drive were relatives, Mr. and Mrs. Glenn Romini of Ft. Wayne, Ind.

Having sold her home at 221 Second Street, Mrs. Howard McQuaid moved last week across the street to 240 Second. Her son and wife, Rev. and Mrs. Robert McQuaid from Lansing, and her son-in-law and daughter, Herman and Jean Adams, assisted in the moving.

Other Belleville people who have returned from sunnier climes are Mr. and Mrs. Harold Clayton of Bedell Street who spent three weeks at Chandler, Ariz. with their son-in-law and daughter, Mr. and Mrs. Arthur Tucholski, and daughter, Janet. While there they visited Prescott, Oak Creek Canyon, Jerome, Salt River Canyon, the Mormon Temple at Mesa, and the General Motors Proving Grounds.

Mr. and Mrs. Russell Wilson of Elwell Road were among family members at the New Boston home of Mrs. Emmer Sheats, Mrs. Wilson's mother, for a buffet supper on April 6, in celebration of Mrs. Sheats' 82nd birthday.

After having spent the month of March at The Ilikai in Honolulu, Mr. and Mrs. Donald Wright returned to Belleville April 4.

Mr. and Mrs. George S. Renton of Martinsville Road arrived home after spending the winter at Boynton Beach, Fla. Their son, Edwin and wife Ilene from Gulliver, have been spending a few days with them since their return.

After spending a few days at Appleton, Wisc. where they visited Albert Glockzin Sr. and Mr. and Mrs. Albert Glockzin Jr., the Henry Deerings returned home via

the Upper Peninsula avoiding all the bad storms of that week.

Mr. and Mrs. Gary Fulton, formerly of Liberty Street, moved last week to South Biggs Street.

Jahner family from Tecumseh and the Kenneth Hyde family of W. Huron River Drive.

Mr. and Mrs. Lloyd Orr of Harmony Lane visited their aunt, Mrs. J.E. Hartzell in Fort Wayne, Ind., last week-end.

Marvin Meerse of Columbia Avenue flew to Minneapolis March 27 to spend Easter with Jae Soon Song, a friend who has visited here in town many times.

Around town

Baby baptized Easter Sunday

By LEE SMITH
Suburban Living Editor

Easter Sunday was a day to remember for the Terry Clark family of Anthony Avenue. Romulus, since the holiday also marked the christening day of their son, Timothy Ryan. The new heir, who will mark his future birthdays on January 24, received the sacrament of baptism at the Community United Methodist Church in Romulus with the Rev. Paul Greer presiding.

Godparents, the Steven Sheldons, were among those attending a buffet dinner which followed at the Clark home. The 42 guests included out-of-towners, Mr. and Mrs. Stephen Kesner of Mt. Clemens and Mr. and Mrs. Lloyd Clark of Marysville, the baby's grandparents; the Thomas Mosures of Port Huron; the Jerry Clarks of Monroe; Mrs. Eva Parks of Algonac, Timothy's great-grandmother; and the Thomas Nagles of Flat Rock. Also on hand for the celebration were seven-year old Stephen and four-year old Tara Leigh, the baby's brother and sister.

East, South targets

Members of the Emerson clan took off for the holiday break but headed in different directions for their diversion. The senior couple, Justy and Marge, motored to New Orleans while the Emersons, J.G., Bill and Mary Ann, winged their way to the East Coast with their 19-months old son, Billy, in tow.

The latter group departed Easter night (after Mary Ann's RN stint at Beyer) and were met at La Guardia Airport by Bob and Pat Groeschner and their little gal, Kari, who played host to them during their stay in Norwalk, Conn. Mrs. G. is the former Pat Emerson.

In the meantime, sharing their trip with the Ed Steinmans, the senior Emersons headed southward with a stop enroute at Wright-Patterson Air Force Base for a short visit with Capt. and Mrs. Sam Emerson, Matthew and Sarah. They also halted in Tennessee to visit friends before continuing on to Louisiana and the special spell of New Orleans. Natchez and Mobile were also on their itinerary.

Quotes worth quoting

"You have reached the fine flower and ultimate test of comradeship — that is, when you get a letter from one of your best friends, you know that you don't need to answer it until you get ready to."

Christopher Morley said it

Two MTU co-eds make dean's list

Two area residents recently were placed on the winter quarter dean's list at Michigan Technological University by earning a grade point average of 3.5 or higher.

Romulus resident Jane B. Owens, the daughter of Mrs. Ruby Owens of 6818 Niagara, was placed on the list with a 4.0 or straight A average.

She is a senior majoring in biological sciences.

Belleville resident Nancy R. Middleton, the daughter of Mr. and Mrs. Percy B. Flotte of 17040 Renton, also was placed on the dean's list. She is a senior majoring in business administration.

Michigan Tech. is located in Houghton.

HOPE CHEST HANDIWORK — As in past years, a number of handmade items will be included in the hope chest the Belleville Junior Study Club is raffling off at its card party April 17. Carol Fitch holds the hand-crocheted gold and green afghan which carries out the color scheme of the hand-

made items. A crewel work picture, bread dough basket, appliqued towels, crocheted rug, wall hanging, floral arrangement and hand-turned pottery are also part of the grouping. The card party, which is being chaired by Barb Boelter, will be held at South Junior High School at 7:30 p.m.

Organic gardening is Garden Club topic

The Huron Valley Garden Club met at the home of Mrs. John Mac Dermid on Riggs Road, Belleville, April 7. Because many members were still on their Easter vacations, the meeting was declared a guest day with 13 present to hear Gerald

Draheim of the Wayne County Extension Office speak on "Organic Gardening."

A brief business meeting was conducted by Mrs. Thomas Books in the absence of the president. A tea followed.

At Willow Run Airport

High improvement costs will face authority

Huge renovating costs, including \$1.4 million to upgrade Willow Run Airport in the near future, might face any authority which may take over the operation of the facility.

However, a member of a 3-community study committee which is examining the possibility of forming an airport authority says the staggering maintenance

costs for Willow Run will not have too great a bearing on the committee's possible decision to recommend the formation of that authority.

Van Buren Township Supervisor G. Elton Gollwitzer, who sits on the committee, along with officials of Ypsilanti and Ypsilanti Township, said maintenance costs would come out of airport revenues

and not communities' budgets.

"While the costs appear to be overwhelming to a community such as Van Buren Township, there is a substantial source of revenue at the airport," Gollwitzer added. "Since World War II, the facility has operated without any subsidy of any kind and has turned some profit.

"If it were operated efficiently, I'm sure the maintenance and other costs would be more than taken care of with revenues from the airport."

Gollwitzer and other members of the 3-community committee learned of the need for almost immediate repair of runways and taxiways at Willow Run during a report

on the Stanford Research Institute's study of the airport's role.

The institute was called in to study the airport following action by Van Buren Township to battle the Wayne County Road Commission in 1971 an announced plan to take more than 1,800 acres of township land to turn Willow Run into the world's largest freight-handling facility.

Gollwitzer said besides learning of the costs of initial maintenance on the airport, the second report to a Willow Run Airport Advisory Task Force Study Committee, established to monitor the developments of the Stanford study, revealed factors which will be used to determine the airport's role in Michigan.

Following receipt of the report, Gollwitzer wrote to Edward Mellman of the Bureau of Transportation Planning of the Michigan State Highway Department: "It certainly is not logical that if air freight grows it must do it in the present sites (such as Willow Run) with no additional locations which would provide greater

convenience for shippers nowhere near the present sites.

"The fact that the airport is being studied is understandable.

"But to consider it as a

source of land brings up some important points that merit consideration and should be added to the list of factors."

Included in the factors Gollwitzer wants added to

the initial list is consideration of the feasibility of a new location of an airport other than in Van Buren Township, and the effect of increased operations.

Cafeteria fare includes ravioli, steak, hot dogs

Students lunching in the cafeterias of the Van Buren Public School District and Romulus Community Schools next week will be able to select from among such entrees as swiss steak, ravioli and hot dogs.

The menus are as follows:

VAN BUREN PUBLIC SCHOOLS
Junior and senior highs)

Monday — juice, pizza burger on bun, potato chips, fruit, ice cream and milk (B) Belleville burger.

Tuesday — chicken patty with mashed potatoes and gravy, vegetable, cranberry sauce, bread and butter, pie, fruited jello and milk; (B) double burger with cheese.

Next Wednesday — juice, sloppy joe on bun, potato chips, fruit, cake and milk; (B) Belleville burger.

Next Thursday — swiss steak with gravy and hash brown potatoes, vegetable, bread and butter, fruited jello, cake and milk; (B) melted cheese and chili on bun.

Next Friday — soup, fish on bun, french fries potatoes,

fruit cobbler and milk; (B) gourmet burger with cheese, bacon, lettuce, tomato on seeded bun.

(Elementary Schools)

Monday — juice, cheeseburger on bun, french fries, fruit, ice cream and milk.

Tuesday — ravioli with cheese in tomato sauce or taco, tossed salad, bread and butter, fruited jello, pie and milk.

Next Wednesday — soup, pizza, potato chips, fruit cobbler.

Next Thursday — Soup, hot dog on bun, tator tots, fresh fruit, cookie and milk.

Next Friday — macaroni and cheese, vegetable, bread and butter, fruited jello, pudding and milk.

(Romulus Community Schools)

Tomorrow — milk, chuck-wagon steak with potatoes and gravy, buttered peas, peach cup, bread and butter.

Friday — milk, macaroni and cheese, buttered

spinach, lime fruit jello, bread and butter.

Monday — milk, coney island, mixed vegetables, applesauce, roll and butter.

Tuesday — milk, turkey sandwich and gravy, sweet potatoes, pear cup, bread and butter.

Next Wednesday — milk, sloppy joe and hot dogs,

golden corn, fruit cup, roll and butter.

Next Thursday — Milk, whipped potatoes with meat gravy, green beans, pineapple cup, bread and butter.

HAROLD REDISKE, HAROLD REDISKE, JR. — DIRECTORS

Our world today has perhaps the most knowledgeable people of all times. Scientific advancements beyond previous hopes or imagination would indicate our civilization has reached a plateau of great knowledge — presumably. But, have we? If so, why is there such senseless disorder in the world?

It seems safe to say with all our advanced and presumed knowledge, too many can not distinguish between knowledge and opinion, knowledge and judgement, knowledge and belief. It is evident that knowledge without application of common sense is folly. And surely, it proves an abundance of knowledge does not mean men are wise.

Could it be that we are concerning ourselves and learning too much about unimportant things and forgetting that which we learned about the really important things? Could it be that we are facing the curse of God because we have failed to measure up to our capabilities in properly using the knowledge He has given us? These are serious questions. How would you answer them?

VACATION PARADISE — Western Wayne County residents who can wait no longer for warm weather to take their spring vacation can find a sunny paradise at the Hotel Rose Hall Inter-Continental, a \$22 million, 500-room resort which just has opened on the oceanfront about a 15-minute drive from the center of Montego Bay, Jamaica. The hotel is the second to be opened on the island by Intercontinental Hotels Corp. The first, the Forum Hotel Jamaica, is located in Port Henderson. Two others are scheduled to open in Ocho Rios and Kingston this year.

Despite high costs

Line held on fair admissions

In an effort to ensure that as many people as possible will be able to enjoy the Michigan State Fair this year, gate admission prices for the 1975 fair will remain unchanged despite sharply increased operating costs, according to Lester M. Lund, general manager.

"We're attempting to give everyone possible the op-

portunity to enjoy a day with their family at the 1975 Michigan State Fair," Lund said. "Even though our operating costs have increased 60 percent during the past year, we realize the need for family entertainment at a reasonable price, especially during these times of economic hardship and high unem-

ployment in Michigan." There also will be special "free" days for senior citizens and youth again this year. Plans now are underway to increase the number of free displays and exhibits as well.

"With a new midway, popular family entertainment and as always, outstanding agricultural and

livestock exhibits, I'm confident the 126th Michigan State Fair will be one the people of Michigan will enjoy and be proud of," Lund added.

Admission prices will be \$2 for persons 12 years old and over, 50 cents for those aged 8 through 11, and children under eight will be admitted free.

Area officials consider adoption of 911 system

The special 911 telephone number for emergency calls is under consideration for adoption throughout Wayne County, including Belleville, Romulus and surrounding communities.

Representatives from most of the 43 communities within the county met recently with a committee of the Wayne County Board of Commissioners and Michigan Bell Telephone officials to discuss the feasibility of the plan.

In Wayne County, the 911 system presently is in effect only in Detroit and the City of Wayne, although some adjacent communities

benefit inadvertently because of overlapping telephone exchanges.

Where 911 operates, callers can dial just those three digits for aid for any police, fire or medical emergency.

Edward K. Michalski, chairman of the board's Public Safety and Judiciary Committee which called the meeting, said 911 is being considered because "it seems logical and would contribute to the safety of the greatest number of citizens in our county if shared financing can be arranged."

Michalski said most persons at the meeting,

numbering around 50, were interested in 911 but were concerned about cost and would not make commitments to the project without further evaluation within their own communities.

He asked the group to poll residents and officials of their localities and return in 30 days for another planning session. If interest prevails, the group then will appoint a task force to develop the system among participating communities, according to Michalski.

Phone company representatives said a 911 system must cover an entire exchange.

In some cases, one exchange may encompass several localities or one community may be served by several exchanges.

Westland, for example, has four telephone exchanges. The exchange for the City of Wayne also covers several other cities. Somebody dialing 911 in that exchange would have to be transferred to his home police department.

Darwin Kureth, a Van Buren Township trustee, said he saw many problems in implementing such a system, but thinks "they can all be worked out, although it will take a while."

RICK BRITZ

Britz begins year with no-hitter

By TOM MOORADIAN
Sports Editor

There's nothing like starting the year with a no-hitter for a pitcher and that's what Romulus' Rick Britz pulled off in crushing visiting Cherry Hill 8-0 last week.

Britz, a lanky 6-foot-1, 175 senior righthander made his pitching debut an auspicious one as he set down 13 Spartan batters on strikes and gave up four walks.

"He looked really good," said Dennis Stoh whose debut as Romulus' head

Enterprise Roman Sports

-A PANAX PUBLICATION-

Page B-1

coach was also a winning one. "Nobody could hit him."

ROMULUS leaped on Cherry Hill starter and losing pitcher Kerry Ondejko

for four runs in the opening inning, then added single runs in the third, fourth and two more in the fifth.

Donnie Moore ignited the Eagles' assault on Ondejko when he drew a base on balls. Moore was sacrificed to second by Jay Barton and was chased home when Don McMann singled. Tom McCloskey, Jerry Goodman and Britz also came through with singles, scoring the three runs.

three hits in relieve of Marsiglia who worked the first 2-1/3 innings. He relieved Marsiglia in a bases-loaded situation.

A LAST of the seventh run was the difference and the Eagles got that with two away. Ruffolo singled, was sacrificed to second and then Moore singled. However, Ruffolo stumbled on the base paths and was forced to hold on third.

McCloskey then smacked a dribbler down the third base line, allowing Ruffolo to score the winning run.

Sports Meridian

Fowler makes up his mind

By TOM MOORADIAN

Bob Fowler yesterday morning ended all the speculation about where he would continue to play basketball.

The Cherry Hill all-state, All-Area cager signed a letter of intent to enroll at the University of Kentucky.

Wooded by more than 300 colleges and universities, the 18-year-old, 6-foot-6, 200-pound "jumping jack" singled out "Kentucky's excellent basketball tradition" as the main reason for choosing the university.

There were others.

"A lot of people have told me that I can't make it down there," said Fowler, "but I really believe that I can."

"And the main reason why I chose Kentucky is because of its fine tradition of producing excellent basketball teams, its great coaching. And I really liked their facilities."

Fowler, accompanied by Coach Dick McNally, visited the Lexington based university during the winter. He said he was very impressed.

Fowler, who holds all sorts of records at Cherry Hill, began his cage career at Titus Elementary School, then played for John Hill Junior High and started for four years on the Cherry Hill varsity squad.

During his varsity career he had scored more than 1,600 points.

RECENTLY BOB competed in the Dayton, Ohio All American Prep Classic and scored 16 points and hauled down 19 rebounds. He's also invited to play in the Louisville classic which pits an All-Star team against the best in Kentucky and Indiana.

"I encouraged Bob in the direction of the University of Kentucky," related McNally, "because of their first class basketball program. They (Kentucky scouts) didn't pressure Bob during the entire recruiting process and they showed genuine interest in the boy."

"And I feel that Bob will be a valuable asset to their program," the Spartan coach added.

FWOWER BECAME the second All-Area cager to chose the Wildcats. The immortal Adolph Rupp managed to get Garden City West's All-American center Rick Drewitz to the Bue Grass country.

Drewitz returned disappointed after spending four fruitless cage years at the university.

Does Fowler know of Drewitz' bitterness.

"I hear he was disappointed," said Fowler, "but, each player has his own merits and sets his own goals. And I believe that I can play there."

And, you know, it's going to be pretty tough trying to stop Fowler from reaching that goal.

Just ask any player who has played - or has tried to play - against him.

Teeple back on job

Ranée Teeple, the former Eastern Michigan University track star, will be back at his typewriter this week, pounding out the top area times and performances in Track.

Teeple, who handled the tenacious job last year, urges track coaches in the area to contact him at home (729-5769) on Sundays after 7 p.m. or Monday through Friday after 7 p.m.

The Area Track Listing is a weekly feature in our Wednesday editions during the high school season.

NET PROBLEMS — Relying on his backhand, Steve Sedlacek was in the right spot for this volley. However, Sedlacek and partner Ed Wagenbach lost their point to John Ondejko and Greg Tachoir, Cherry Hill's No. 3 doubles, in last week's opener. The Eagles also dropped the match 6-1.

Romulus netmen find opener tough

Lacking the support of its doubles teams, Romulus' netmen lost their first two starts of the season.

"We definitely need to improve in our doubles' play," said second year Coach Tom Baldwin. "I feel if we can get improvement for the kids, we will win our share of matches."

Despite the heroics of two-time All-Area netman, senior Ray Ebersberger, Romulus dropped a 5-1 decision to Westland, John Glenn.

IN THEIR opener, the Eagles were left on the shortend of a 6-1 count with Cherry Hill.

Ebersberger, one of the finest netters to emerge from the Romulus ranks, beat John Birk 6-4 and 7-4 to help the Eagles avert a shutout in the Glenn meet.

He also accounted for the only point in the Cherry Hill confrontation. After losing the opening set 6-4 to Brian Kosterling, Ebersberger found his range and set down the No. 1 singles' rival 6-1 and 6-3.

Meet results: John Glenn 5, Romulus 1

SINGLES

Belleville starts fast

"We were pretty excited to win." That's the way Bruce Romant summed up his emotions after Belleville thinned out and stopped Allen Park 71-52 to make Romant's debut as the Tiger head track coach a winning one.

150 teams shooting for CMU track title

MT. PLEASANT — The 35th annual Central Michigan High School Track and Field Relays will be Friday and Saturday, April 25-26, at CMU's all-weather Alumni Field.

Class C and D teams this year will vie for separate titles April 25, while the "A" and "B" schools will compete April 26. For the first time women's events have been added to the schedule.

More than 150 men's teams are expected to compete in the 12 events each day. Their program includes five relays, four field events, one hurdles race, one dash and one distance run.

THE WOMEN'S events include three relays, one dash and one field event. Approximately 50 squads are anticipated in the four classes.

The 1975 relays director is Central's assistant track coach, Rolland Ranson, who will be assisted by Jim Hill of CMU's wrestling coaching staff.

In addition to adding the women's events, Ranson also has announced that there will be two exhibition events. During both af-

ternoons a 330-yard intermediate hurdles race will be demonstrated; and Saturday afternoon (April 26) a discus exhibition and clinic are planned.

Rockets run by Romulus, 104-19

Rookie Romulus High track coach Al Wilkerson expected to take his lumps in his first year, and he's not disappointed or discouraged with his boys.

"Last year we had difficulty finding people to run," said Wilkerson, "this year we have a full lineup and we're going to get results in the long run."

Wilkerson's Eagles dropped their second straight dual meet 104-19 to a strong and undefeated Westland John Glenn's Rockets last week.

Romulus was back on the track yesterday, hosting the Willow Run Flyers and they'll meet Flat Rock in another home meet on Tuesday.

Glenn swept all 15 events against the Eagles who had five second places in the meet.

Meet results: Westland John Glenn 104, Romulus 19.

in a number of events," continued Romant, "as the season matures I feel the distance people will also show a marked improvement. "And if they do, we will be all right."

BELLEVILLE swept 10 out of a possible 15 first places with Derrick Darty, Mike Blazer and Jim Humphreys each accounting for two wins against Allen Park.

Darty cleared 5 feet, 10 inches in winning the high jump, then ran a 54.3 to pick up the 440-yard dash. He beat teammate Harold Gable across the finish in the later event.

Humphreys captured both the 100 and 220-yard dashes. He was clocked in a respectable 10.5 for the 100, and he beat Allen Parker Tom Seasco by two-tenths of a second (24.4) to take the 220.

BLAZER established himself as one of the finer hurdlers in the area as he covered the highs in 15.7 and took the lows in 20.6.

Meet results: Belleville 71, Allen Park 52

WINTER RECEPTION--Playing it cool is Romulus' Duane Winter who is maneuvering into position for the volley. Winter and his teammates will be searching for their first victory in four starts tomorrow when they take on an always tough Trenton contingent.

Romulus plans gals' softball

The Romulus Jaycees and the Romulus Recreation Department will combine their forces again this season to co-sponsor a women's softball league.

League competition is scheduled to begin the first week of June.

A final registration deadline of May 10 has been set. Individual players who are not on the roster of teams may indicate their desire to join an existing team by mailing their name and address to "Women's Softball League," 9444 Terry Dr., Romulus, Mich. 48174.

KIDS: LEARN YOUR SPORT

ATTEND THE MICHIGAN STATE UNIVERSITY SPORTS SCHOOL.

This summer learn a sport directed by head varsity coaches at Michigan State, assisted by their staff and guest lecturers. This means that you will have the same expert instruction that every varsity athlete gets at Michigan State University. You may choose from any one of the 20 sports and attend for one or two weeks. Other facilities are also available for you to use... swimming pools, handball courts, tennis courts, softball fields, etc. HAVE A FUN SUMMER! (If you would like to attend the school for more than one sport during the summer, arrangements can be made). Everyone enrolled in the M.S.U. Sports School will reside in residence halls on campus.

GIRLS

BASKETBALL: \$85 per session, 12-17 years, July 6-11.

When poson ivy shows

First sign of spring can be miserable one

In some Western Wayne County families, the sign that spring finally has arrived is not the first robin or crocus but the first time Johnny comes home with poison ivy.

Whether he brushed against it, or wrestled with the dog and picked up up from its coat, or walked through the smoke of burning poison ivy, chances are

he's pretty uncomfortable. "A lot of the accidental poisonings from poison ivy and poison sumac could be prevented if people would learn to recognize these plants and avoid them," said Jesse Saylor, Michigan State University horticulture specialist.

One small problem with this approach to preventive medicine is that poison ivy

can occur as woody vines, trailing shrubs or erect woody shrubs. It may grow deep in moist, dark woods, in very dry soil on exposed hillsides or right in your own backyard. Leaf forms are variable, too, though leaves almost always occur in groups of three. They never occur in pairs along the stem.

The presence of flowers or fruit makes identification

somewhat easier, because both flowers and fruit occur in clusters on slender stems that come out of the angles between the leaves and the woody twigs, Saylor added.

Poison sumac grows as a coarse woody shrub or small tree, never as a vine. It usually grows on the edge of swamps or bogs in wet, acid soil. Its leaves are arranged in three to six pairs along a

central rib with a single leaf at the end of the rib.

Nonpoisonous sumacs always have the flowers and fruits clustered at the tips of the limbs, while poison sumac flowers and fruits always are found along the sides of the branches.

If you know you're susceptible to poisoning by these plants, and very few people are completely immune, avoiding them is your best protection. And to avoid them, you have to learn to identify them on sight.

"If nothing else, you can make a point of staying away from any plant that has clusters of three leaves," Saylor continued. "You'll spend some time detouring around a lot of nonpoisonous plants, but you should be able to avoid most of the bad ones."

Staying out of the woods and away from picturesque, vine-draped fences isn't enough. Poison ivy often lurks unsuspected in the heart of town, masquerading as an ornamental vine.

The poisoning substance in poison ivy and poison oak is found in all parts of the plant. The skin must come in contact with this substance for poisoning to occur. Clothing or pets may brush against the plants and transfer the toxin to humans, and smoke from burning plants may carry it far from the plant itself.

Symptoms of poisoning may occur in a few hours or after several days, but health specialists said effective measures to get rid of the toxin before poisoning occurs should be taken within a few minutes of contact, if possible.

Begin by washing, even if signs of inflammation already have started to show. Lather with soap like Fels Naphtha to remove the oily toxin. A second lathering allowed to dry on the affected area is a very good first treatment.

After washing, treat inflamed skin with cold compresses, calamine lotion or some other poison ivy

lotion or cream. Ice wrapped in a cloth is quick and easy to obtain.

If the poisoning victim is allergic to the toxin and home treatments do not

relieve the itching and irritation, consult a physician.

That swampy spot can be made lovely

A low, swampy spot in your home grounds doesn't have to be a landscape problem. With a little careful study, you can turn it into an area of natural beauty.

The first impulse of many homeowners is to drain or fill a boggy spot. Another, perhaps more rewarding,

approach is to develop the site with plants that prefer that sort of environment.

That requires some study of the ecology of natural wet areas. Visit a local bog or swamp and observe the kinds of plants that grow there, the amount of light they receive and the kind of soil they grow in. Different

plants will be found growing in sunny moist places under a thick ground cover of last year's leaves.

The amount and movement of water in wet areas also is important. Plants adapted to areas with moving water may not do so well in merely moist soil. Plants that thrive in stan-

ding water may not adapt to other conditions.

In choosing domestic plants for your wet area, pick those that will tolerate cold winter temperatures.

Trees suitable for use in a wet landscape include red or silver maples, alder, juneberry, river birch, sugar hackberry, tamarack, sweet or sour gum, white spruce, sycamore, poplar, swamp white oak, burr and pin oak, willow, bald cypress, American arborvitae and black haw.

Shrubs for wet areas include hoary alder, chokecherry, spicebush, Siberian dogwood, gray dogwood, Redosier dogwood, hawthorn, huckleberry, winterberry, elderberry, cranberry viburnum, arrowwood and blueberry.

Herbaceous species for wet sites include the giant reed, swamp milkweed, wood fern, aster, astilbe, March marigold, marsh bluebell, sedge, fringed gentian, rose mallow, water pennywort, touch-me-not, iris, Canada lily, cardinal flower, pennyroyal, forget-me-not, pond lily, water lily, sensitive fern, royal fern, buttercup, arrowhead, bulrush, cattail and violet.

Planting asparagus means hurry and wait

If you want to plant asparagus in your Western Wayne County garden this year, get ready to hurry up and wait, says Robert Herner, horticulture specialist.

"Asparagus crowns should be planted as soon as you can get the soil ready," he said. "That's where the 'hurry up' part comes in. Then comes the waiting. Asparagus

should not be harvested at all the first year. Take only a few spears for a short period of time the second year and a full harvest only at the start of the third season."

The plants need those first two years to establish their root system, he continued.

Harvest an established asparagus bed only about six weeks, beginning about May 1. The warmer the weather,

the more often you will have to harvest. In very hot weather, when growth is rapid, you may have to harvest twice a day. In cool weather, once every two or three days may be often enough. Snap off the spears by grasping the tip and bending or cut the stalks off at the soil surface, being careful not to injure the crown and other shoots.

Touchy African violets need extra attention

Your African violets, or Saintpaulia, are lush and green but just don't want to bloom? The problem is probably insufficient light, according to experts.

Poor light will produce plants with lots of foliage but no flowers, the experts say. Don't overdo a good thing, however: except for November through February, keep African violets out of direct sunlight. Too much light produces sunken, unscaled plants with a pale, bleached out appearance.

Average house temperatures are suitable for

African violets, as long as the temperature at night doesn't fall below 60 degrees. Chilling also may prevent flowering, and it can cause the leaves to curl down around the edges and turn pale green. It even may kill the plant.

One problem many houseplant gardeners have is providing African violets with the humidity they need. Average indoor air, especially in the winter, tends to be too dry for best growth and flowering. You can increase the humidity around your plants by setting the pots on a bed of

moist sand or gravel or by placing the plant pot inside a larger pot filled with wet moss.

Keep the soil moist but not soaking wet. Water with water at room temperature; cold water spots the leaves. To prevent spotting, keep the plant out of the sun if the foliage is wet.

Fertilize African violets every two weeks except for the first two months after repotting.

The healthiest and best blooming plants are those with just one crown. The crown is the "collar" near the soil where the stems come together to join the roots. Plants with more than one crown can be divided to produce several new plants.

Place each division in a small pot with the crown slightly elevated and the soil sloping down around it.

Be careful when dividing or repotting African violets not to put them in too large a pot. Overpotting often leads to crown rot.

Repot African violets only when the roots completely cover the soil ball. This usually occurs no more than once a year. Place a layer of pebbles or broken clay pot in the bottom of the new pot with a few small chunks of charcoal to keep the soil fresh smelling.

Home gardens can grow wild

Bring the great outdoors into your Western Wayne County home flower garden by planting wildflowers and ferns.

Because most wild plants are used to "toughing it out" on their own, they require little care. And many of them are quite unlike the more common domestic flowers you so often see.

Many wildflowers and wild ferns are available from nurseries and garden centers. When you buy them, be sure to find out what type of environment they prefer: sunny and dry, shady, cool and moist, etc. Some, the natives of marshy or boggy areas, particularly, may require acid soil.

If you have a woodland or meadow area and dig plants there to transplant in the garden, observe and try to reproduce the conditions you found the plants growing in. Don't just dig up wild plants wherever you find them.

Many wild plants are protected by Michigan law. If you're fortunate enough to find trillium, trailing arbutus, lady's slipper or gentians growing in the wild,

enjoy them but don't disturb them.

Other ferns and flowers, not protected by law, sometimes may be transplanted successfully to your garden.

Learning to identify common spring flowers can be very interesting and you may find that hiking through woods and over meadows with a field guide to wildflowers is as rewarding a hobby as growing wildflowers in your own garden.

With American Airlines

Panax lines up travel tours

The fun of America's golden west and the natural beauty of Hawaii can be yours thanks to the efforts of this newspaper, Panax Corp. and American Airlines.

The Enterprise Roman and Daily Eagle in conjunction with Panax Corp. and other Panax newspapers, are offering two specially-designed tour packages giving our readers the opportunity to visit some of our most beautiful states.

The separate tours, which were arranged by Panax in conjunction with American Airlines, offer a complete line of tourist services that guarantee your trip will be one you won't forget.

The first of these two tours leaves Detroit Metropolitan Airport in Romulus Sept. 27 enroute to nine days in the West and returns Oct. 5.

The second tour to Hawaii includes 16 days of fun and sun at the five islands that make up our 50th state. The departure date from Metro is Nov. 8 and return date is Nov. 23.

To reserve your spot on either of the tours, just clip the coupon you will find in today's newspaper and send a \$25 deposit to Panax Tours, P.O. box 1245, Warren 48090. If you decide not to go, your money will be refunded.

And to better inform you of what the tours have in store, Panax and American

Airlines are sponsoring a free travel party at 7:30 p.m. April 29 at the Henry Ford Centennial Library on Michigan Avenue between Southfield and Greenfield in Dearborn. In addition to guest speakers and a slide presentation on the tours, by going, you will be eligible to win one of the many door prizes to be awarded that night.

Once you decide to go, from the moment you board the American Airlines superjet at Metro, you will be able to relax and enjoy yourself and not worry about a thing. All transfers, baggage handling and tips are included in the tour

package and you will be given complete travel kits prior to departure. Also included are your baggage tags, day-by-day itinerary and a complete in-flight meal service.

The first tour, of the west will take you to Los Angeles, Calif. It includes a full day at Disneyland; a visit to the old west ghost town of Calico in the Death Valley foothills, and 24-hours in the "entertainment capital" of the world - Las Vegas.

Your tour also will take you through the Mojave Desert to Palm Springs, and a visit to Universal Studios in Beverly Hills.

Included in the price of the

tour are accommodations at the American Hotel in Los Angeles, the Thunderbird Hotel in Las Vegas and the Sands Hotel in Palm Springs.

If the second tour to Hawaii is your choice, you'll visit the Punch Bowl Crater, the International Market-place, Pearl Harbor, the Iao Valley, Black Sand Beach, Volcano National Park and much more.

The tour includes round trip jet transportation to Hawaii, jet flight between

island; hotel accommodations, all sightseeing and special event entrance fees; guide services and personal transfers.

For more information about the tour see the advertisement in today's newspaper, or call our travel desk at 273-3030.

The tours will be leaving and returning home on the stated dates. You'll have no worries about the flight being delayed because the plane hasn't been filled.

Nurse trainees tout sign-ups

A federally-funded program designed to encourage minority students to enter the field of nursing currently is operating in Western Wayne County and other areas throughout Michigan.

Breakthrough to Nursing, as the project is called, is funded through the Department of Health, Education and Welfare and operates in a number of target areas in the nation where student nurses return to high schools to talk with those interested in nursing and to explain the types of courses students should take at the high school level.

Also discussed are the various routes that must be taken to become a registered

nurse, financial aid resources and available nursing programs.

Michigan has a Breakthrough program target areas of Lansing and nursing students from that area are recruiting in Inkster and Romulus as well as Lansing, Pontiac, Flint, Detroit, Dearborn Heights and River Rouge.

Students who indicate an interest in nursing are provided with follow-up assistance by volunteer student nurses from the time they are identified until they apply for a nursing program.

Further information may be obtained from Debbie Smith, care of the School of Nursing at Michigan State University, East Lansing 48823.

Census covers jobless figures

A sample of households in the Western Wayne County area is being visited this week by Bureau of Census interviewers to conduct the bureau's monthly survey on employment and unemployment.

In addition to the usual questions on current employment, the April survey has additional questions about the use of food stamps in 1974, and the first quarter of 1975.

The monthly employment survey is conducted by the bureau for the U.S. Department of Labor and provides a continuous record of activity in the labor force.

The February survey showed that total em-

ployment declined by nearly 540,000 to 84 million. Since September 1974, employment has dropped by 2.4 million, the largest 5-month cutback record in the postwar period. The civilian labor force decreased by 580,000 from January to February.

Households in this survey are among the 50,000 nationwide that have been scientifically selected to represent a cross-section of all U.S. households. All information they supply is held confidential by law and is used only to compile statistical totals.

FUND COORDINATORS — Appointed coordinators for the 1975 Archdiocesan Development Fund (ADF) Appeal of the Archdiocese of Detroit are Joseph Arbini (left) of St. Theodore Parish in Westland and Fr. Raymond Skoney of St.

Anthony Parish in Belleville. The ADF, started in 1943, provides money for countless ongoing charitable, religious and educational programs throughout the Archdiocese. It will start on May 4 this year.

White Cane Week

Lions to kick off campaign

The Belleville-Area Lions Club will kick off its annual White Cane Week starting April 25 in Belleville.

Lions Club members will be on the streets of Belleville on April 25 and 26, at the Lake Woods Shopping Center on April 26 and 27 and in Romulus on May 2 and 3 to raise funds for projects benefitting the blind in Michigan.

Collections from the sale help fund such activities as the Penrickton Children's Home for the blind, the Michigan Eye Bank, the Welcome Home for the Blind and the Leader Dog School in Rochester.

LCC denies license

The Michigan Liquor Control Commission has turned down an application from a Belleville business for a package liquor license.

Richardson's Pharmacy at 31 E. Huron River Dr., was turned down in its request for a package liquor license to go along with a beer and wine license now held by the pharmacy.

In a meeting April 3, the liquor control commission reaffirmed a decision made Jan. 6 to deny the license since Belleville had reached its quota of licenses.

Richardson's originally requested the license July 17, 1974.

Persons making a donation to the Lions will receive a white cane symbol to mark their participation in the charitable event.

Besides soliciting sales on the streets, the Lions will accept donations mailed to them.

Donations should be made by check if sent through the mail.

Checks should be made

payable to the Belleville-Area Lions Club. The address is Belleville Area Lions Club, Box 184, Belleville 48111.

Besides soliciting funds to help the blind, the purpose of White Cane week is to educate the public to recognize the white cane as a symbol of blindness.

The hope, according to the Lions, is to promote un-

derstanding and courteous assistance to those who carry the white cane.

3,000 feet of beach and 24 hours of action.

The beach goes on forever. So does the action. At our Out Island Bar, an oasis for swimmers. In our Rum Keg where calypso music swings from dusk until dawn. In our Lamplighter Room with champagne music. And there's plenty of sports action too. Swimming, sailing, scuba diving, tennis and a challenging 18 hole championship golf course next door.

If you're coming to Nassau, come to Nassau's number one resort. Nassau Beach Hotel, Nassau, Bahamas.

With 300 entries

Elwell science fair blossoms to major event

The Elwell Elementary School science fair has blossomed from an event which drew only 80 entries in 1971 when it was initiated to one which drew more than 300 entries - or 75 percent of the student body at Elwell this year.

More than 300 students from the school showed their inventiveness March 18 during the fair at the school's multi-purpose room and examined their com-

petition's displays to learn who won the two grand prizes in the fair.

Taking honors in the kindergarten through grade three division was first grade student Robert Henderson, the son of Mr. and Mrs. Robert Henderson of 40220 Harris Road, Sumpter.

Taking honors in the fourth through sixth grade area was Cindy Griffith, the daughter of Mr. and Mrs.

Larry Griffith of 87 Carmel, Van Buren.

Robert's winning entry was a dinosaur display and journal and Cindy's entry was an electric quiz test board on the parts of a horse.

Besides the grand prizes, awards were given to students in each grade.

Taking first place in the first grade division was Robert Henderson. Second place went to Gail Whitt, the

daughter of Mr. and Mrs. Luther Whitt of 45740 Willis Road, Van Buren. Third place went to Darrell Goodwin, the son of Mr. and Mrs. Larry Goodwin of 48739 Willis Road, Sumpter.

In the second grade division, Angel Cooper, the daughter of Mr. and Mrs. William Cooper of 1991 Cradell Court, Van Buren, took first place. Second place went to Craig Banotai, the son of Mr. and Mrs. Marvin

Banotai of 17700 Martinsville Road, Sumpter. Pat Ongley, the son of Mr. and Mrs. Elton Ongley of 500 Sumpter Road, Van Buren Township, took third place.

In the third grade, the first prize went to a group effort. Included in the group were Ken Pitts, the son of Mr. and Mrs. Frank Pitts of 47801 Hull Road, Sumpter; Norman Ferrel, the son of Mr. and Mrs. Rudy Warren of 45831 Harris Road, Sumpter;

Joey Babik, the son of Mr. and Mrs. Felix Babik of 46333 Bemis Road, Sumpter and John Brinker, the son of Mr. and Mrs. Michael Brinker of 55 Carmel St., Van Buren.

Second place went to Kathy Maynard, the daughter of Mr. and Mrs. LaRoy Maynard of 48529 Gully Dr., Sumpter.

In the fourth grade, Rose Ely, the daughter of Mr. and Mrs. Porter Ely of 43711 Bemis Road, Sumpter, took

first place. Second place went to Calvin Loshinski, the son of Mr. and Mrs. Carl Loshinski of 6 Montague, Van Buren. Third place went to Ted Grecca, the son of Mr. and Mrs. Don Grecca of 46912 Bemis Road, Van Buren and Mary Ferrell, the daughter of Mr. and Mrs. Rudy Warren of 45821 Harris Road, Sumpter.

In the fifth grade, a group effort took first place with Lucinda Pitts, the daughter of Mr. and Mrs. Frank Pitts of 47801 Hull Road, Sumpter, and Chris Flum, the son of Mr. and Mrs. Fred Bawden of 44780 Bemis Road, Van Buren, sharing the honor.

Second place went to Lori Viechy, the daughter of Mr. and Mrs. Sam Viechy of 45900 Harris Road, Sumpter. Third place went to a joint effort by Marvin Santure, the son of Mr. and Mrs. Conrad Santure of 18970

Sumpter Road, Sumpter, and Kurt McDaniel, the son of Mr. and Mrs. Clarence McDaniel of 48950 Willis Road, Van Buren.

In the sixth grade, Cindy Griffith took first place while Bob Shallow, the son of Mrs. Rose Shallow of 23 Carmel taking second place and Robbie Nelson, the son of Mrs. Beverly Kubinski of 19 Carmel taking third.

GM development called 'godsend'

Federal, state, municipal and union officials in Romulus have labeled the announcement that General Motors Corp. will construct a massive \$370 million manufacturing complex in the city a godsend not only to taxpayers but also to the hard-hit low employment areas of Western Wayne County.

Congressman William D. Ford, State Rep. Edward E. Mahalak, Romulus Mayor Terry L. Trout, Romulus Mayor Pro Tem Beverly McAnally and Romulus School Supt. Robert L. McConeghy praised the anticipated construction.

The officials were reacting to a recent announcement that General Motors will construct a new diesel engine manufacturing facility on a 375-acre tract of

land in northern Romulus. The projected cost of the project over the next 10 years is \$372 million with projected employment both by GM and by auxiliary services needed by the automaker pegged at \$42,000.

"The obvious benefits to Romulus of this additional tax money and these thousands of new jobs need no elaboration," Ford wrote to the Romulus City Council. "I am convinced that your City Council would be acting in the best interests of the present and future citizens of Romulus by establishing an industrial development district."

Mahalak wrote: "I wish to extend my warmest congratulations to the city for the leadership and foresight Romulus has shown in creating an industrial development district."

"Many more communities must follow the city's good example and establish these areas if Michigan is to turn the tide of industries moving to other states where tax loads are lighter and fixed costs are cheaper."

McConeghy stated: "If it all comes true as projected, I see nothing but good for the city."

"The potential is there, even with the tax break proposal, that services offered by the schools can expand tremendously without an added tax burden on residents."

"The city can do nothing but go forward with development such as this," Trout said. "This not only means jobs and a fine tax base, but the key to developing a full range of services in Romulus."

"The development will bring jobs, jobs will bring people and commercial development will follow the people."

"My only regret is that I'm not younger so I could enjoy the development more fully when it's completed."

Mrs. McAnally hailed the proposal because it not only will mean taxes and jobs, but also bring a good citizen to the community.

"I was concerned about

the kind of industrial citizen Detroit Diesel Allison would be," Mrs. McAnally said. "They have shown us community programs in other cities which impressed

me with their community involvement and civic responsibility.

"The corporation already has demonstrated its intention to improve Romulus

and I believe its expanded operations will be a continuing benefit and welcome addition to the city."

The United Auto Workers (UAW) also offered its congratulations to city officials.

"Your actions in this area will be appreciated by the many people this new facility will be hiring," wrote Bard Young, director of Region I-E of the UAW. "The UAW congratulates the members of the Romulus City Council for their efforts as they relate to the GM Diesel Allison plant."

11 residents get notice at honors convocation

Eleven Western Wayne County residents were among the more than 6,000 University of Michigan (U-M) students who were recognized at the college's 52nd annual Honors Convocation recently.

U-M President Robben W. Fleming was the featured speaker and hosted a

reception and tea for the honors students and their parents following the ceremony.

Those honored at the event included Romulus resident Carol Jeffries of 35905 Garner and Belleville residents Gail Berlin of 48621 I-94 Service Drive, Sharon Bonanni of 20415 Wilmot

Road, Paul Brown of 45130 Venetian, Mark Fogarty of 48520 Ormond, Darrell Kidd of Belleville, Dennis Lochrie of 1125 E. Huron River Dr., Denise O'Brien of 51074 Mott Road, Robert Padgett of 48236 Geddes, Carol Wilson of 42615 E. Huron River Dr. and Irene Woodbury of 45977 Ecorse Road.

Residents 'visit' Beyer for medical treatment

Several area residents recently were admitted to Beyer Memorial Hospital in Ypsilanti for medical care and surgery.

Entering Beyer for medical reasons were Belleville residents Mrs. Harley Simmons of Biggs Road, Mrs. Clifford Carey of Liberty Street, Maxine Daniels of Mott Road, Wayne Luchardt of Outer Drive, William Bacon of Wilmet, Cleo Walter of Western, Mrs. Taft Barnett of Harris Road, Kenneth Hutchens of Carriage Lane and Kenneth Corss of Willis Road.

Also Mrs. Billy Barnes of Beck, William Pridemore of Robson, Lottie Tupacz of Arizona Street, Julia M. Hill of Martinsville Road, Evelene Lovell of Denton

Road and Sharon Stacy of High Street.

Admitted to Beyer for surgery were Belleville residents John Salmon of Rustic Lane, Mrs. Charles Rye of Harris Street, Richard C. Fix of S. Biggs, Selda Smith of Huron River Drive, Foster Harris of Jeanette, Mrs. Billie Walker of Martinsville Road, Richard Nota of Melon, Julie Finley of Willis Road and Tami Viechy of Harris Road.

Also Mrs. Carl Hornberger of Rawsonville Road, Bernhard Georgi of Mott,

Ramsey G. Weedon of Hill, Brenda Rose of Delor, Barbara A. McAuley of Sumpter Road, Earlene C. Henderson of Willis Road and Mrs. James Laramie of Jackson Street.

In addition, three Belleville couples became proud parents with the births of their babies at Beyer. They were Mr. and Mrs. Walter Krawukski of Savage Road with a girl, Mr. and Mrs. Richard J. Beckman of Hayes with a 6 lb. 15 oz. boy and Mr. and Mrs. David Rochon of Wilmet Road with an 8 lb. 8 oz. boy.

Group to sing at club meet

The Belleville Senior Citizens Club will be entertained by the North Junior High Choral Group at the club's April 17 meeting.

Handling all of the work involved in that night's pot luck dinner, the men will honor the Ladies for Mothers Day.

At the recent April birthday meeting held by the club, Mr. and Mrs. Harry Pinter of Rawsonville Road

unanimously were voted the rights to Lifetime Membership in the club for their many contributions to club work in the past years. This was the first time such an honor has been extended, members reported.

The club also voted to give Lifetime Membership, dues free, to all seniors who have reached the age of 80 and who have been members for the past five years.

Diminished epidemic threat leads to laxity

NEW BEAUTY EMPORIUM — Jerry's Foxy Lady, located on Main Street in Belleville, is offering women from the area expert care at a good price. Owner of the business, Louise Leonard (standing at left) works on Linda Pemberton during a recent day. Helping care for customers are Dorothy King (standing center) and Debbie Carlisle, who is working on Helen Wilson's hair. The business is located at 36 Main St., one block west of the Belleville City Hall. — The Enterprise-Roman photo.

For service

Butman earns award

An automobile dealer has been selected as recipient of a special community service award by the members of the Ypsilanti Area Chamber of Commerce.

Gene Butman of Butman Ford Sales was presented with the Ypsilanti Community Service Award for 1975 by Jim Pate, president of the Greater Ypsilanti Area Chamber of Commerce, which annually presents the honor.

"Gene's record of community service, and a broad range of civic activities, has earned him this recognition," Pate said. "He was the unanimous choice of our selection committee."

Long active in the Ypsilanti Community Chest, Butman served as a board member and president in 1961, and was chairman of the Ypsilanti Community Chest Fund Drive in 1967. He currently is serving his second term on the Michigan United Way Board and is a member of the Washtenaw County United Fund Board.

A Rotarian since 1957, he is a past president and a member of the Rotary Board of Directors.

Butman has served on the Salvation Army Board since 1969, was its capital fund chairman, and is the current board president. He has been a member of the Washtenaw County Red Cross Board of Directors.

He also was one of the founders of the Ypsilanti Area Industrial Development Corporation, is a past president, and served on its

Board of Directors for five years. He served two terms as a director of the Greater Ypsilanti Area Chamber of Commerce, 1958-59 and 1973-74. He was appointed to the board of directors for 1975-76 and is vice-chairman of the

chamber's Ambassadors Club.

The immediate past president of the Catholic Social Services of Washtenaw County, he has served on its board of directors since 1967. He was

co-chairman of the Ypsilanti sector of the St. Joseph Hospital Capital Fund Drive, and now is a member of the St. Joseph Hospital Advisory Board.

Butman Ford Sales has received 10 consecutive Ford Motor Co. Distinguished Achievement Awards, and 10 consecutive community relations awards in national recognition of the firm's community leadership. The agency is one of only 60 dealerships nationwide to be so recognized.

Butman was born in Marinette, Wis., and attended the University of Wisconsin after serving as a captain in the U.S. Air Force. Active in the auto sales and service industry since 1937, Butman managed two large Detroit dealerships before acquiring the Ypsilanti franchise in 1957. He and his wife Margaret have a son, working with Gene Butman Ford, and three daughters.

The Community Service Award was presented at the chamber's annual meeting on April 3.

The Community Service Award was presented to Thor F. Marsh in 1974. It has been presented each year since 1937.

Business

Detroit Diesel shows model

A scale model of Detroit Diesel Allison's new Romulus plant currently is being exhibited at the Romulus office of Manufacturers National Bank of Detroit.

The 8-by-6-foot model went on display in the bank's lobby last week.

It depicts the new diesel engine parts plant Detroit Diesel Allison is building on Ecorse Road west of Wayne Road. The plant will be part of a new 740,000-square-foot manufacturing complex when it is completed later this year. It reportedly will employ 1,300 people.

The scale model, presented in three sections covered by a plexiglas top, depicts the office,

manufacturing and warehouse portions of the complex as well as parking lots and landscaped areas.

It can be seen at the bank's office at 36450 Goddard Road from 10 a.m. to 7 p.m. Monday, Thursday and Friday and from 10 a.m. to 4:30 p.m. Tuesday and Wednesday.

The exhibit will be shown through the end of the month.

SUMPTER TOWNSHIP

NOTICE OF INTENT TO ENTER INTO TAX-SUPPORTED CONTRACT AND OF RIGHT TO PETITION FOR REFERENDUM THEREON TO THE TAXPAYERS AND ELECTORS OF THE TOWNSHIP OF SUMPTER:

PLEASE TAKE NOTICE that the Township of Sumpter has approved the execution of a contract with the County of Wayne pursuant to Act 342, Public Acts of Michigan, 1939, as amended, which contract will provide, among other things, that the said County will acquire certain water supply improvements and will issue its bonds to finance the cost of the same for said Township and said Township will pay to said County all sums necessary to retire the principal of and interest on said bonds.

TOWNSHIP'S CONTRACT OBLIGATION

It is presently contemplated that said bonds will be in the principal amount of \$1,000,000.00, will mature serially from 1980 to 2003, inclusive, and will bear interest not exceeding 8 per cent per annum on the outstanding principal balance, subject to revision in accordance with terms of the above contract. By virtue of said contract, the Township will be obligated to pay to the County all sums required to meet debt service payments, in accordance with the above or any revised schedule, as such payments fall due and will pledge as security for such obligation its full faith and credit. PURSUANT TO SUCH PLEDGE, THE TOWNSHIP WILL BE REQUIRED TO LEVY AD VALOREM TAXES ON ALL TAXABLE PROPERTY WITHIN ITS BOUNDARIES, WITHOUT LIMITATION AS TO RATE OR AMOUNT AND IN ADDITION TO ANY OTHER TAXES THE TOWNSHIP MAY BE AUTHORIZED TO LEVY, BUT NOT MORE THAN THE RATE OR AMOUNT SUFFICIENT THEREFOR, TO THE EXTENT NECESSARY TO MAKE THE REQUIRED PAYMENTS TO THE COUNTY IF OTHER FUNDS FOR SUCH PURPOSE ARE NOT AVAILABLE.

RIGHT OF REFERENDUM

THE CONTRACT will be executed by the Township and will be effective without vote of the electors, as permitted by law, UNLESS A PETITION REQUESTING AN ELECTION ON THE EFFECTIVENESS THEREOF, SIGNED BY NOT LESS THAN 10 PERCENT OF THE REGISTERED ELECTORS OF THE TOWNSHIP, IS FILED WITH THE TOWNSHIP CLERK WITHIN FORTY-FIVE (45) DAYS AFTER PUBLICATION OF THIS NOTICE. If such petition is so filed, the contract cannot be effective without an approving vote by a majority of electors voting on the question.

THIS NOTICE is given pursuant to the requirements of Section 5b of Act No. 342, Public Acts of Michigan, 1939, as amended. Further information concerning the details of said contract and the matters set out in this notice may be secured from the Township Clerk's office.

Robert K. Demski
Clerk, Township of Sumpter

Respectfully submitted,
Robert K. Demski, Clerk
I, Robert K. Demski, Clerk of Sumpter Township, certify that the foregoing is a true and correct copy of the minutes taken at the Annual Meeting, held on April 5, 1975 at the Sumpter Township Hall, 23483 Sumpter Road, Belleville, Michigan 48111.

3. Motion by Lee, supported by Coleman, that Council concur with the request of General Motors Corporation - Detroit Diesel Allison Division and adopt Resolution No. 75-301 (Approval of Industrial Exemption Certificate for General Motors Corporation, Detroit Diesel Allison Division).

RESOLUTION NO. 75-301

WHEREAS: The City of Romulus, by its Resolution 75-276 adopted March 18, 1975, established an Industrial Development District pursuant to Public Act 198, Acts of 1974; and

WHEREAS: General Motors Corporation, Detroit Diesel Allison Division, on March 19, 1975, filed an application requesting approval of an Industrial Facilities Exemption Certificate, within the Industrial Development District, described in the attached legal description (See application submitted) pursuant to Public Act 198, Michigan Acts of 1974; and WHEREAS: The City Council for the City of Romulus has completed a thorough investigation designed to determine the feasibility, acceptability, and legality of its methods of proceeding and proposed action based on the provisions of Public Act 198 of 1974, and have found all matters to be proper and in accordance with the requirements set forth in Act 198; and

WHEREAS: The Legislative Body of each governmental unit which levied ad valorem taxes on said property has been afforded an opportunity to be heard on this matter at a Public Hearing held April 1, 1975; and WHEREAS: The Wayne County Board of Commissioners, the Wayne County Intermediate School District, the Romulus Board of Education, and the City Assessor after their investigation testified in favor of the City Council of the City of Romulus approving the application; and WHEREAS: The City Council of the City of Romulus, by its independent investigation, has determined that the approval of the application will be beneficial to the City of Romulus and that an Industrial Exemption Certificate for an amount exceeding the five (5 percent) percent limitation, found in Section 9, Subsection 1, Subsection f, of Act 198, would not have the effect of substantially impeding the operation of local government or impairing the financial soundness of any unit levying an ad valorem tax within the City of Romulus to be effected by said approval. NOW, THEREFORE BE IT RESOLVED: By the City Council of the City of Romulus pursuant to the authority vested therein by Public Act 198 of 1974 does herewith grant approval for an Industrial Facilities Exemption Certificate to General Motors Corporation, Detroit Diesel Allison Division, as requested in its application filed with the City of Romulus on March 19, 1975. BE IT FURTHER RESOLVED: That the limitation regarding the aggregate state equalized value found in Section 9, Subsection 1, Subsection f, of Act 198 is hereby waived; and the City Clerk is hereby directed to forward a copy of the application of General Motors Corporation, Detroit Diesel Allison Division, for the Industrial Facilities Exemption Certificate, together with a true copy of this resolution approving same, to the State Tax Commission of the State of Michigan for its consideration. Roll call vote showing: Ayes - Stewart, Trumble, Oakley, Lee, Coleman, Block, McNally. Nays - None. Motion carried unanimously.

75-302
4. Motion by Block, supported by Coleman, that the minutes of the March 11, 1975 Regular Council Meeting be approved as published. Roll call vote showing: Ayes - Lee, Stewart, Trumble, Oakley, Block, Coleman, McNally. Nays - None. Motion carried unanimously.

75-309
9a. Motion by Oakley, supported by Trumble, that \$2,000.00 be transferred from Account No. 101-420-970 (Capital Outlay - Animal Control) to Account No. 101-520-900 (Clean-up Campaign). Said funds to be utilized in publicizing the 1975 Clean-up Program. Roll call vote showing: Ayes - Lee, Coleman, Block, Stewart, Trumble, Oakley, McNally. Nays - None. Motion carried unanimously.

75-310
10. Motion by Lee, supported by Stewart, that Chapter VI, Article 9 (Securement of Abandoned and/or Vandalized Buildings) be, and the same is hereby introduced pursuant to the provisions of 7.3 (b) of the Romulus City Charter. Roll call vote showing: Ayes - Block, Coleman, Lee, Stewart, Trumble, McNally. Nays - Oakley. Motion carried.

75-311
11. Motion by Coleman, supported by Trumble, that bids received for Demolition and Site Clearance Project No. 75-1 within the City of Romulus be awarded, upon recommendation of the City Clerk, as listed below. Further, that any contractor refusing to accept a partial bid forfeit five (5 percent) percent of awarded work:

BIDDER	SITE LOCATION	TOTAL AMOUNT
M&M Contracting, Inc.	11533 Moore (No. 1)	\$700.00
Homrich Wrecking	7240 Dodge (No. 2)	594.00
Homrich Wrecking	15503 Meadow (No. 3)	324.00
Homrich Wrecking	29351 Goddard (No. 5)	348.00
Homrich Wrecking	Goddard Road (No. 6)	298.0
M&M Contracting, Inc.	38340 Tyler (No. 7)	700.00
M&M Contracting, Inc.	10483 Middlebelt (No. 8)	700.00

75-312
Motion by Oakley, supported by Lee, that Resolution 75-311 be amended to exclude the forfeiture of Bid Bond for refusal to accept partial bid award. Roll call vote showing: Ayes - Stewart, Oakley, McNally. Nays - Block, Coleman, Lee, Trumble. Motion failed.

75-313
Motion by Oakley, supported by Stewart, that Resolution 75-311 (Demolition Bid Award) be tabled. Roll call vote showing: Ayes - Stewart, Oakley, Block, McNally. Nays - Coleman, Lee, Trumble. Motion carried.

11a. No Action.
11b. No Action.
11c. No Action.
11d. No Action.
11e. No Action.

75-314
13. Motion by Coleman, supported by Lee, that warrant 162 (Vouchers 13135 through 13422 inclusive) be approved with the following deletions:

VOUCHER NO.	PAYEE	AMOUNT
13326	Honeywell, Inc.	\$103.24
13331	J.L. Hudson	100.62
13344	Morris Levine and Associates	1,400.66
13361	State of Michigan	194.58
13381	Arbor Fence	\$555.00
		\$2,354.10

Adjusting Grand Total of Warrant 162 from \$178,025.86 to \$175,671.76. Roll call vote showing: Ayes - Lee, Stewart, Trumble, Oakley, Coleman, Block, McNally. Nays - None. Motion carried unanimously.

75-315
Motion by Oakley, supported by Trumble, that Resolution 75-311 be removed from the table.

75-311
"Motion by Coleman, supported by Trumble, that bids received for Demolition and Site Clearance Project No. 75-1 within the City of Romulus be awarded, upon recommendation of the City Clerk, as listed below. Further, that any contractor refusing acceptance of a partial bid forfeit five (5 percent) percent of awarded work."
Roll call vote showing: Ayes - Stewart, Lee, Coleman, Block, Oakley, Trumble, McNally. Nays - None. Motion carried unanimously.

Roll call vote on Resolution 75-311 showing: Ayes - Oakley, Trumble, Lee, Coleman, Block, McNally. Nays - Stewart. Motion carried.

14. Motion by Block, supported by Coleman, that the meeting be adjourned. Roll call vote showing: Ayes - Oakley, Trumble, Stewart, Lee, Coleman, Block, McNally. Nays - None. Motion carried unanimously.

Respectfully submitted,
Leonard J. Folmar, Clerk
City of Romulus
I, Leonard J. Folmar, Clerk for the City of Romulus, do hereby certify that the foregoing is a true copy of the minutes of the Regular Meeting of the Romulus City Council held on the 1st day of April, 1975.
Leonard J. Folmar, Clerk
City of Romulus

FEBRUARY 23, 1975 BVL 2015-05

A discussion was held in regards to the City Employee's life insurance policy. After the opinion of the City Attorney, on his study and recommendation.

Motion by Tontalo, seconded by Palmer, that the Firemen's Fund Life Insurance Company, be contracted for life insurance for all City Employees, to be in the amount of \$10,000.

Carried: Unanimously.

Upon Motion by Councilman Emerson, supported by Councilman Palmer, the following resolution was offered:

RESOLUTION

WHEREAS, the City of Belleville is a party to an Agreement between the communities of the Downriver Sewerage Disposal District and the County of Wayne; and

WHEREAS, an Amendment to that Agreement was executed on August 13, 1973 permitting the City of Riverview to become a party to the System; and

WHEREAS, the Agreement provided the City was to make certain payments to the County by July 1, 1974; and

WHEREAS, because of the distressed condition of the money market, the City of Riverview was unable to sell the necessary bonds in order to make the required payment;

NOW, THEREFORE BE IT RESOLVED, that the City of Belleville does hereby waive the July 1, 1974 date for payment by the City of Riverview as set forth in the Amendment to the Downriver Sewerage Disposal System Contract dated August 13, 1973.

BE IT FURTHER RESOLVED, that the Mayor and Clerk be and they are hereby authorized and directed to execute a Waiver of Payment Date for and on behalf of the City of Belleville.

AYES: STINEHOUR, PALMER, TONTALO, EMERSON, AMERMAN

NAYS: NONE

RESOLUTION: CARRIED UNANIMOUSLY.

Upon Motion by Councilman Palmer, supported by Councilman Stinehour, the following Resolution was offered:

RESOLUTION

WHEREAS, pursuant to the Michigan Municipal Finance Act, the City of Belleville, hereinafter referred to as the "Municipality" wishes to acquire by Title Retaining Contract one street sweeper (hereinafter referred to as "Collateral") for use by said municipality; and

WHEREAS, BELL EQUIPMENT COMPANY, a Michigan Corporation (hereinafter referred to as the "Seller") is willing to provide and said Equipment under a Title Retaining Contract, a copy of which is appended hereto; and

WHEREAS, the municipality has fully reviewed said Title Retaining Contract and is willing to authorize its execution;

NOW, THEREFORE, BE IT RESOLVED AS FOLLOWS:

1. That this municipality purchase the "Collateral" from Bell Equipment Company, a Michigan Corporation (hereinafter referred to as the "Seller") on Title Retaining Contract for delivery by

19

2. The total price for the Collateral is to be \$21,700.00; a down payment is hereby authorized in the amount of \$-0-; the Mayor and City Clerk, officers of this municipality are hereby authorized and directed to execute for and in behalf of said municipality a Title Retaining Contract in the form annexed hereto, expressly approved whereby and by this reference made a part thereof, covering the purchase of Collateral from the Seller, providing for the payment of the sum of \$21,700.00 (being the unpaid balance after crediting said down payment of \$-0- together with interest at the rate of 5.0 per cent per annum in the following manner:

Four payments of \$5,425.00 commencing April 10, 1976,

and a like sum on each April 10 thereafter until the said unpaid balance of the purchase price is paid in full and in addition to said principal payments, interest at the rate of 5.0 per cent per annum upon the unpaid balance of the purchase price shall likewise be payable at the National Bank of Detroit, a national banking association, at its Main Office in Detroit, Michigan.

3. Said Title Retaining Contract when signed by the said Mayor and City Clerk on behalf of this municipality shall constitute a binding and valid contract of the municipality and shall be fully enforceable according to its terms and conditions.

4. The municipality will budget and set aside in each year sufficient funds from its general funds, which this municipality has already estimated are and will become available for such purposes, for the payments of principal and interest as above provided for as the same shall become due.

5. A copy of the form of said Title Retaining Contract shall be attached hereto, is approved hereby as to form and substance and shall be a part of this Resolution. In order to facilitate the handling of said transaction, the said Mayor and City Clerk of this municipality may, if they so desire, use a copy of said Title Retaining Contract included as a part of a certified copy of the Resolution of this Board for purposes of execution.

Vote: AYES: STINEHOUR, PALMER, TONTALO, EMERSON, AMERMAN

RESOLUTION DECLARED ADOPTED.

Upon Motion by Councilman Palmer, supported by Councilman Tontalo, the following Ordinance was offered:

CITY OF BELLEVILLE

ORDINANCE NO. 75-143

AN ORDINANCE TO ADOPT BY REFERENCE THE BOCA BASIC BUILDING CODE AND THE SUPPLEMENTS, AND TO PROVIDE FOR CERTAIN MODIFICATIONS THEREIN AND TO PROVIDE PENALTIES FOR VIOLATION THEREOF.

THE CITY OF BELLEVILLE ORDAINS:

Section 1. That Ordinance 74-139 being the Building Code of the City of Belleville (BOCA Building Code) is hereby further amended by amending Section 113.1 and 113.3 of the BOCA Code and by adding a new Section 118.1a.

Section 2. CHANGES IN CODE. The following chapters, Sections and Sub-sections of the BOCA Building Code are hereby further amended or deleted as set forth in additional chapters, sections, and sub-sections as indicated. The following section numbers refer to like numbers as of sections of the BOCA Building Code.

Section 113.1 is amended to read:

Section 113.1 WHEN PERMIT IS REQUIRED. It shall be unlawful to construct, enlarge, alter, remove or demolish a building, or change the Occupancy of a building from one use group to another requiring greater strength, exitway or sanitary provisions: or to change to a prohibited use; or to install or alter any equipment for which provision is made or the installation of which is regulated by the Basic Code, without first filing an application with the building official in writing and obtaining the required permit therefor; except that ordinary repairs as defined in section 102 which do not involve any violation of the Basic Code shall be exempt from this provision. It shall be unlawful for a mobile home installation on either a park or a permitted private property setting to be made without first obtaining an installation permit. It shall be unlawful to install skirting around a mobile home or erect any additions to the mobile home without first obtaining a permit for such work.

Section 113.3 is amended to read:

Section 113.3 BY WHOM APPLICATION IS MADE. Application for a permit shall be made by the owner or lessee of the building or structure, or agent of either, or by the licensed engineer or architect employed in connection with the proposed work. If the application is made by a person other than the owner in fee, it shall be accompanied by a duly verified affidavit of the owner or the qualified person making the application that the proposed work is authorized by the owner in fee and that the applicant is authorized to make such application. The full names and addresses of the owner, lessee, applicant, of the responsible officers, if the owner or lessee is a corporate body, shall be stated in the application. If the application is made by a person other than the owner, the applicant must show that he has a valid residential builder's or residential maintenance and alteration contractor's license.

Section 118.1a. MOBILE HOME INSTALLATION. The fee for the installation permit for a mobile home shall be \$20.00. The fee for a permit to install skirting around a mobile home shall be \$5.00. The fee for a permit to install any additions to a mobile home shall be based on the value of the work to be done, the same as building permits for other structures, with a minimum fee of \$5.00.

Section 3. PUBLICATION. This ordinance shall be published at least once in a newspaper of general circulation of the City of Belleville.

Section 4. EFFECTIVE DATE. The foregoing ordinance further amending the 1970 BOCA Basic Building Code in the 1973 Accumulative Supplement will be effective on April 16, 1975.

AYES: STINEHOUR, PALMER, TONTALO, EMERSON, AMERMAN

NAYS: NONE

ORDINANCE DECLARED: UNANIMOUSLY ADOPTED.

Upon Motion by Councilman Palmer, supported by Councilman Stinehour, the following Ordinance was offered:

CITY OF BELLEVILLE

ORDINANCE NO. 75-144

AN ORDINANCE TO PROVIDE FOR THE CONTROL OF SOIL EROSION AND TO PROTECT THE WATERS OF THE CITY AND STATE FROM SEDIMENTATION: TO PRESCRIBE THE POWERS, DUTIES AND FUNCTIONS OF THE CITY: AND TO PROVIDE REMEDIES AND PENALTIES:

THE CITY OF BELLEVILLE ORDAINS:

ARTICLE I

Section 1.1 Short Title. This Ordinance shall be known and may be designated as "The City of Belleville Grading and Soil Erosion Ordinance."

ARTICLE II

Purpose

Section 2.1 Legislative Findings. The City Council hereby finds that excessive quantities of soil are eroding from certain areas that are undergoing development for non-agricultural uses such as housing developments, industrial areas, recreational uses, and roads. This erosion makes necessary costly repairs to gullies, washed out fills, roads, and embankments. The resulting sediment clogs storm sewers and road ditches, muddy streams and silts-in lakes and reservoirs and is considered a major water pollutant.

Section 2.2 PURPOSES. The purpose of this Ordinance is to prevent soil erosion and sedimentation from non-agricultural development within the City of Belleville by requiring proper provisions for water disposal and the protection of soil surfaces during and after construction, in order to promote the safety, public health, convenience and general welfare of the community.

ARTICLE III

Definitions

Section 3.1 Definitions. The following definitions shall apply in the interpretation and enforcement of this Chapter:

Section 3.2 "Accelerated Soil Erosion." The increased lay of the land surface that occurs as a result of man's activities.

Section 3.3 "Building Inspector." The building Inspector of the City of Belleville or his duly authorized representative.

Section 3.4 "Certification of Completion." A signed written statement by the City Engineer or Building Inspector that specifies construction has been inspected and found to comply with all grading plans and specifications.

Section 3.5 "City." City means the City of Belleville, Michigan.

Section 3.6 "City Engineer." The City Engineer of the City of Belleville or his duly authorized representative.

Section 3.7 "Earth Change." A man-made change in the natural cover or topography of land, including cut and fill activities, which may result in or contribute to soil erosion or sedimentation of the waters of the state.

Section 3.8 "Erosion". The process by which the ground surface is worn away by action of wind, water, gravity or a combination thereof.

Section 3.9 "Excavation or cut". Any act by which soil or rock is cut into, dug, quarried, uncovered, removed, displaced or relocated and shall include the conditions resulting therefrom.

Section 3.10 "Flood Plain". That area which would be inundated by storm runoff or flood water equivalent to that which would occur with a rainfall or flood of one hundred (100) years recurrence frequently after total development of the watershed.

Section 3.11 "Grading". Any stripping, excavating, filling, stockpiling or any combination thereof, and shall include the land in its excavated or filled condition.

Section 3.12 "Grading Permit". A permit issued to authorize work to be performed under this Ordinance.

Section 3.13 "Land Use". A use of land which may result in an earth change, including but not limited to subdivision, residential, commercial, industrial, recreational or other development, private and public highway, road and street construction, drainage construction, logging operations, agricultural practices and mining.

Section 3.14 "Permanent soil erosion control measure". Those control measures which are installed or constructed to control soil erosion and which are maintained after project completion.

Section 3.15 "Person". A natural person, firm, corporation, partnership, or association.

Section 3.16 "Stripping". Any activity which removes or significantly disturbs the vegetative surface cover including clearing and grubbing operations.

Section 3.17 "Temporary soil erosion control measures". Interim control measures which are installed or constructed for the control of soil erosion until permanent soil erosion control is effected.

ARTICLE IV CONDITIONS

Section 4.1 Compliance with Required Site Plan and Plat Approval. No site plan, plot plan or plat shall be approved under any other ordinance unless said site plan, plot plan or plat shall include soil erosion and sediment control measures consistent with the requirements of this ordinance and related land development regulations.

Section 4.2 Compliance Required for Occupancy Permit. No certificate of occupancy for any building will be issued under any other ordinance unless the applicant for said certificate shall have obtained a certification of completion indicating compliance with all grading plans and specifications and completion of all permanent soil erosion control measures.

ARTICLE V PERMITS AND FEES

Section 5.1 Permit Requirements. Except as exempted by Sections of this ordinance, no person shall do any grading, stripping, excavating or filling nor undertake any earth change unless he has a valid grading permit issued by the City Engineer or Building Inspector.

Section 5.2 Permit Application. A separate application shall be required for each application for a grading permit. The plans shall be prepared or approved and signed by a Professional Engineer or by an Architect. The City engineer may waive the preparation or approval and signature by the Professional Engineer or Architect when the work entails little hazard to the adjacent property and does not include the construction of a fill upon which a structure may be erected.

Section 5.3 Application data required. The plan and specifications accompanying the grading permit application shall contain the following data:

(a) A vicinity sketch at the scale of 1"=200' indicating the site location as well as the adjacent properties within 500' of the site boundaries.

(b) A boundary line survey of the site on which the work is to be performed.

(c) A plan of the site at a scale of 1"=100' showing:

I. Name, address and telephone number of the owner, developer, and petitioner.

II. A timing schedule indicating the anticipated starting and completion dates of the development sequence and the time of exposure of each area prior to the completion of effective erosion and sediment control measures.

III. A certified statement of the quantity of excavation and fill involved.

IV. Existing topography at a maximum of five (5) foot contour intervals.

V. Proposed topography at a maximum of five (5) foot contour intervals.

VI. Location of any structure of natural feature on the site.

VII. Location of any structure or natural feature on the land adjacent to the site and within fifty (50) feet of the site boundary line.

VIII. Location of any proposed additional structures or development on the site.

IX. Elevations, dimensions, location, extent and the slope of all proposed grading (including building and driveway grades).

X. The estimated total cost of the required temporary and permanent soil erosion control measures.

XI. Plans of all drainage, provisions, retaining walls, cribbing, planting, anti-erosion devices, or other temporary or permanent soil erosion control measures to be constructed in connection with, or as a part of, the proposed work together with a map showing the drainage area of land tributary to the site and estimated runoff of the area served by any drains.

XII Other information or data as may be required by the City Engineer such as Soil Investigation Report which shall include, but not be limited to: data regarding the nature, distribution and supporting ability of existing soils and rock on the site.

Section 5.4 Fees. At the time of filing an application for a grading permit, a nonrefundable filing fee of five (\$5.00) dollars shall be paid to the City Treasurer. An Additional nonrefundable fee of ten (\$10.00) dollars per acre of site area involved will be charged for plan review and site inspections (with a minimum fee of \$10.00 for such review and inspection). Such fee shall not be required where a building permit is also obtained for such work.

ARTICLE VI Bond

Section 6.1 Bond Requirement. A grading permit shall not be issued unless the permittee shall first post with the City a bond executed by the owner and a corporate surety with authority to do business in this state as a surety.

(Continued on Page 9)

CITY OF BELLEVILLE COUNCIL MINUTES

(Continued from Page 8)

The bond shall be in a form approved by the City Attorney, payable to the City, and in the amount of the estimated total cost of all temporary or permanent soil erosion control measures. The total cost shall be estimated by the City Engineer or Building Inspector. The bond shall include penalty provisions for failure to complete the work on schedule as specified on the grading permit. In lieu of a surety bond the applicant may file with the City a cash bond or an instrument of credit approved by the City attorney in the amount equal to that which would be required for the surety for the surety bond.

Every bond and instrument of credit shall include and every cash deposit shall be made on the conditions that the permittee shall comply with all of the provisions of this Ordinance and all of the terms and conditions of the grading permit within the time limit specified in the grading permit, or if no time limit is specified, within 180 days after the day of the issuance of the grading permit. Section 6.2 Extension of Time. If the permittee is unable to complete the work within the specified time, he may, at least ten (10) days prior to the expiration of the permit, present in writing to the City Engineer and Building Inspector a request for an extension of time setting forth the reasons for the request extension. In the event such an extension is warranted, the City Engineer may grant additional time for the completion of the work, but no such extension shall release the Owner or the Surety on the Bond or the person furnishing the instrument of credit or cash bond.

Section 6.3 Failure to Complete Work. In the event of failure to complete the work or failure to comply with all the requirements, conditions and terms of permit, the City Engineer or Building Inspector may order such work as is necessary to eliminate any danger to persons or property and to leave the site in a safe condition and he may authorize completion of all necessary temporary or permanent soil erosion control measures. The permittee and the surety executing the bond or person issuing the instrument of credit or making the cash deposit shall continue to be firmly bound under a continuing obligation for the payment of all necessary costs and expenses that may be incurred or expended by the City in causing any and all such work to be done. In the case of a cash deposit, any unused portion thereof shall be refunded to the permittee.

ARTICLE VII DENIAL AND MODIFICATION

Section 7.1 Denial of Permit. Grading permits shall not be issued where:

(1) the proposed work could cause hazard to the public safety and welfare; or
(2) the work as proposed by the applicant will damage any public or private property or interfere with an existing drainage course in such a manner as to cause damage to any adjacent property or result in the deposition of debris or sediment on any public way or into any waterway or create an unreasonable hazard to persons or property; or
(3) the land area for which grading is proposed is subject to geological hazard to the extent that no reasonable amount of corrective work can eliminate or sufficiently reduce settlement, slope instability or any other such hazard to persons or property; and
(4) The land area for which the grading is proposed may lie within the flood plain of any stream or water-course (not specifically designated and delineated by the City as an area subject to flood hazard), unless a hydrologic report, prepared by a Professional Engineer, is submitted to certify that the proposed grading will have, in his opinion, no detrimental influence on the public welfare or upon the total development of the watershed.

Section 7.2 Modification of Approved Plans. All modifications of the approved grading plans must be submitted and approved by the City Engineers or Building Inspector. All necessary sustaining reports shall be submitted with any proposal to modify the approved grading plan. No grading work in connection with any proposed modification shall be permitted without the approval of the City Engineers.

Section 7.3 Responsibility of Permittee. During grading operations the Permittee shall be responsible for:

(1) The prevention of damage to any public utilities or services within the limits of grading and along any routes of travel of the equipment.
(2) The prevention of damage to adjacent property. No person shall grade on land so close to the property line as to endanger any adjoining public street, sidewalk, alley or any public or private property without supporting and protecting such property from settling, cracking or other damage which might result.
(3) Carrying out the proposed work in accordance with the approved plans and in compliance with all the requirements of the permit and this ordinance.
(4) The prompt removal of all soil, miscellaneous debris or other materials applied, dumped or otherwise deposited on public streets, highways, sidewalks, or other public thoroughfares during transit to and from the construction, where such spillage constitutes a public nuisance or hazard.

ARTICLE VIII GENERAL REQUIREMENTS

Section 8.1 Any earth changes shall be conducted in such a manner which will effectively reduce accelerated soil erosion and resulting sedimentation.

Section 8.2 All persons engaged in earth changes shall design, implement and maintain acceptable soil erosion and sedimentation and control measures, in conformance with the Soil Erosion and Sedimentation Control Act of 1972, as adopted or hereafter amended, and all official rules of the Michigan Water Resources Commission promulgated pursuant thereto, which effectively reduce accelerated soil erosion.

Section 8.3 All earth changes shall be designed, constructed and completed in such a manner which shall limit the exposed area of any disturbed land for the shortest possible period of time.

Section 8.4 Sediment caused by accelerated soil erosion shall be removed from runoff water before it leaves the site of the earth change.

Section 8.5 Any temporary or permanent facility design and constructed for the conveyance of water around, through or from the earth change area shall be designed to limit the water flow to a nonerosive velocity.

Section 8.6 Temporary soil erosion control facilities shall be removed and earth changes areas graded and stabilized with permanent soil erosion control measures pursuant to approved standards and specifications as prescribed by the Michigan Water Resources Commission rules.

Section 8.7 Permanent soil erosion control measures for all slopes, channels, ditches or any disturbed land area shall be completed within 15 calendar days after final grading or the final earth change has been completed. When it is not possible to permanently stabilize a disturbed area after an earth change has been completed or where significant earth change activity ceases, temporary soil erosion control measures shall be implemented within 30 calendar days. All temporary soil erosion control measures shall be maintained until permanent soil erosion control measures are implemented.

Section 8.8 Maintenance Requirements. Persons carrying out soil erosion and sediment control measures under this Chapter, and all subsequent owners of property concerning which such measures have been taken, shall maintain all permanent anti-erosion devices, retaining walls, structures, plantings, and other protective devices.

Section 8.9 Minimum Design Standards for Erosion and Sediment Control. All grading plans and specifications including extensions of previously approved plans shall include provisions for erosion and sediment control in accordance with, but not limited to, the standards contained in the "Standards and Specifications for Soil Erosion and Sediment Control" published by the Wayne County Conservation District. Copies of said standards shall be available for inspection in the Office of the City Clerk and the City Engineer.

ARTICLE IX VARIANCES AND EXCEPTIONS.

Section 9.1 No permits shall be required for the following:

(a) Agricultural use of land zones agricultural.
(b) Grading or an excavation below finished grade for basements, footings, retaining walls, or other structures on plots zoned R-1 of less than twenty-thousand (20,000) square feet and more than one-hundred (100) feet from any lake, stream or drainage course.
(c) A sidewalk or driveway authorized by a valid permit.
(d) Gravel, sand, dirt or topsoil removal.
(e) Where the City Engineer or Building Inspector certifies in writing that the planned work and the final structures or topographical changes will not result in, or contribute to, soil erosion, sedimentation of the waters of the state, will not interfere with any existing drainage course in such a manner as to cause damage to any adjacent property or result in the deposition of debris or sediment on any public way, will not abate any hazard to any persons or property, and will have no detrimental influence upon the public welfare or upon the total development of the watershed.
(f) Although no permits are required under sub-sections (1) (a) (b) (c), and (d) of this section, the operations and constructions exempted from obtaining permits must comply with the rules and regulations concerning grading and erosion specified in this Chapter.

Section 9.2 Where it is alleged that there is error or misinterpretation in any order, requirements, decisions, grant or refusal made by the City Engineer, the Board of Zoning Appeals shall have the power to hear specific applications and may amend or change such order, requirements, decisions, grant or refusal so that it is in harmony with the general purpose and intent of the requirements. The procedural requirements for appeals under the zoning ordinance shall be applicable to appeals under the ordinance.

ARTICLE X ENFORCEMENT

Section 10.1 The requirements of this Chapter shall be enforced by the City Engineer or, where a building permit is required, by the Building Inspector. The City Engineer or Building Inspector shall inspect the work and shall require adequate inspection of compaction by a soil engineer or by a soil testing agency, approved by the City Engineer, unless he determines that such inspection requirements may be waived due to the non-hazardous nature of the grading.

Section 10.2 Upon satisfactory execution of all approved grading plans and other requirements, the City Engineer or Building Inspector shall issue a certification of completion. If the City Engineer or Building Inspector finds any existing conditions not as stated in any application, grading permit or approved plan, he may refuse to approve further work until approval of a revised grading plan which will conform to the existing conditions.

Section 10.3 Notwithstanding the existence or pursuit to any other remedy, the City of Belleville may maintain an action in its own name in any court of competent jurisdiction for an injunction or other process against any person to restrain or prevent violations of this ordinance.

Section 10.4 The City Engineer or Building Inspector, or their duly authorized agents, may enter at all reasonable times in, or upon any private or public property for the purpose of inspecting and investigating conditions and practices which may be a violation of this ordinance, or the rules of the Department of Natural Resources, Water Resources Commission promulgated pursuant to Act 347 PA 1972.

ARTICLE XI MISCELLANEOUS

Section 11.1 Severability. This Ordinance, and the various parts, sentences and clauses thereof, are hereby declared to be severable, and if any part, sentence, paragraph, section or clause is adjudged unconstitutional or invalid, the same shall not affect the validity of this Ordinance as a whole, or any part thereof, other than the part declared to be unconstitutional and invalid.

Section 11.2 Penalties. Any person violating any of the provisions of this Ordinance, shall upon conviction thereof, be subject to a fine of not more than Five Hundred Dollars, or to imprisonment in the discretion of the Court. Every day that a violation of this Ordinance is continued or permitted to exist without compliance shall constitute a separate offense punishable upon conviction in the same manner as prescribed herein for the original offense.

Section 11.3 Publication. This ordinance shall be published at least once in a newspaper of general circulation within the City of Belleville.

Section 11.4 Effective Date. The effective date of this Ordinance shall be April 16, 1975.

AYES: STINEHOUR, PALMER, TONTALO, EMERSON, AMERMAN

NAYS: NONE

ORDINANCE DECLARED: ADOPTED.

Upon Motion by Councilman Emerson, supported by Councilman Palmer the following resolution was offered:

RESOLUTION

WHEREAS, the City of Belleville supports the purpose and intent of the State of Michigan to provide for the control of soil erosion and to protect the waters of the State from sedimentation as established in the Soil Erosion and Sedimentation Control Act and its General Rules, and

WHEREAS, the City of Belleville has adopted by ordinance to prevent soil erosion and sedimentation from non-agricultural development within the corporate boundaries of the City of Belleville by requiring proper provisions of water disposal and the protection of soil surfaces during and after construction, in order to promote the safety, public health, convenience and general welfare of the community, and

WHEREAS, the City of Belleville desires to be designated as an authorized public agency by the Water Resources Commission to enable its work forces to conduct earth change activities pursuant to the provisions of the Soil Erosion and Sedimentation Control Act, its General Rules and the technical requirements of the soil erosion ordinance adopted by the City of Belleville.

NOW, THEREFORE, BE IT RESOLVED, the City of Belleville requests the Water Resources Commission to designate the City of Belleville as an authorized public agency.

AND BE IT RESOLVED, that the City of Belleville serving as an authorized public agency will follow the provisions of the Soil Erosion and Sedimentation Control Act, its General Rules and the technical requirements of the soil erosion control ordinance adopted by the City of Belleville.

RESOLUTION: ADOPTED UNANIMOUSLY.

A Discussion regarding Air Conditioning part of City Hall ensued, and will be taken under advisement.

Motion by Tontalo, seconded by Stinehour, that the City

of Belleville purchase an Un-Leaded Gasoline Tank for \$140.00, plus a meter and gauge for \$55.00., for municipal and police services.

Carried: Unanimously.

Motion by Tontalo, seconded by Emerson, that the letter and Resolution from Van Buren Township regarding the annexation of one-one hundredth of an acre, be referred to the City Attorney for his recommendation at the next regular meeting to be held April 21, 1975.

Carried: Unanimously.

Motion by Stinehour, seconded by Emerson, that the proposed Ordinance 75-145 be tabled until next regular meeting April 21, 1975.

Carried: Unanimously.

Motion by Stinehour, seconded by Palmer, that the Police Activities report for March 1975 be accepted, and a job well done by the entire Department. Also Councilman Palmer, extended a warm welcome back to Chief of Police McLaughlin, and thanked Sgt. Jerome Remus for a job well done in the Chief's absence.

Carried: Unanimously.

Motion by Stinehour, seconded by Tontalo, that the Fire Department Activities Report for March 1975, be accepted as presented.

Carried: Unanimously.

Motion by Tontalo, seconded by Emerson, that the City of Belleville Fire Department, new motor and installation charges approximately \$10,000.00 be borrowed from the City of Belleville Cemetery Fund, and the City Attorney instructed to draw up an agreement for payments and interest.

Carried: Unanimously.

Motion by Stinehour, seconded by Palmer, that the bills presented for payment be paid.

Carried: Unanimously.

Upon Motion by Councilman Palmer, supported by Councilman Tontalo that the following resolution was offered:

RESOLUTION

WHEREAS, the City of Belleville has undertaken to separate the Sanitary Sewers and Storm Sewers and has accomplished the separation in practically all areas of the City, and

WHEREAS, the Board of Wayne County Road Commissioners has fifty-one (51) catch basins which drain into the Sanitary Sewers of the City, and

WHEREAS, the Department of Natural Resources has issued a permit to the City to permit the overflow of the Sanitary Sewers into Belleville Lake conditioned upon a plan being developed for the elimination of the overflow by June 30, 1975 and with implementation to be completed by 1977;

NOW, THEREFORE BE IT RESOLVED, that the Council of the City of Belleville does hereby request the Board of County Road Commissioners of the County of Wayne to direct its Department of Public Works to immediately undertake planning with the City Engineers to develop a plan to eliminate the fifty-one (51) county catch basins from the City's Sanitary Sewers and to develop their plan of implementation so that the provisions of the permit issued by the Department of Natural Resources can be met.

BE IT FURTHER RESOLVED, that the problem of the overflow into Belleville Lake is serious, and the Board of County Road Commissioners of the County of Wayne is requested to take any and all steps necessary to alleviate the problem.

RESOLUTION: ADOPTED UNANIMOUSLY.

Councilman Palmer informed all present, that a study is under-way regarding the Municipal Parking lot on Liberty Street, and hopes to have a report for the next regular meeting.

A discussion was held regarding a joint meeting with the City Council and the City Auditors. Meeting set for April 10, 1975 at 7:30 P.M. This is a Preliminary meeting on the future preparation of the 1975-76 Budget.

Motion by Stinehour, seconded by Palmer, that the minutes of the City of Belleville Civil Service Commission meeting held April 7, 1975 at 1 P.M. be accepted as presented.

Carried: Unanimously.

Motion by Emerson, seconded by Tontalo, that the Urban Renewal Status Report be accepted as presented.

Carried: Unanimously.

Upon Motion by Councilman Emerson, supported by Councilman Tontalo the following resolution was offered:

RESOLUTION

WHEREAS, the Department of Housing and Urban Development in their letter of April 4, 1975, stated the final audit of Mich. R-192 cannot be scheduled by the General Accounting Office, in the Local Public Agency must solicit bids from private accounting firms to conduct this audit.

NOW, THEREFORE, This Council does direct the Urban Renewal Director, to advertise for and secure bids to complete this work and return same to this Council at the earliest opportunity so that a contract may be awarded for this work.

AYES: STINEHOUR, TONTALO, PALMER, EMERSON, AMERMAN

RESOLUTION: ADOPTED UNANIMOUSLY.

Upon Motion by Councilman Emerson, supported by Councilman Tontalo, the following resolution was offered:

RESOLUTION

WHEREAS, the Urban Renewal Director has secured updated appraisals to establish the fair reuse value to the land in Central Business District No. 1, Mich-R-192, and WHEREAS, the appraisals indicate the value for reuse to be \$75,000.00, for the C.B.D. No 1

NOW, THEREFORE, this Council does hereby establish the fair reuse value to be \$75,000.00.

BE IT FURTHER RESOLVED, that the Urban Renewal Director be and he is hereby advised and directed to execute and deliver a Proclaimers Certificate in connection with the disposition of said Parcel, known as C.B.D. No. 1 Mich R-192 and consisting of 65,328.75 square feet.

AYES: STINEHOUR, PALMER, TONTALO, EMERSON, AMERMAN

NAYS: NONE

RESOLUTION: ADOPTED UNANIMOUSLY

Motion by Tontalo, seconded by Stinehour, that the City of Belleville, purchase a used re-built Radar Unit for the sum of \$240.00

Carried: Unanimously.

The Chief of Police advised Council that Haywards (Yono Bros.) would present to the City a Liability Insurance Policy for the parking lot and the annual rent of \$500.00 for last year and this year would be paid, and the City Attorney would draw up an agreement.

Dorothy Schroeder of Schroeder Real Estate discussed with the City Council the lot next to City Hall in regards to parking, the Mayor and City Council assured that the matter would be taken into consideration, with possible answer at the next Council Meeting.

Upon Motion by Councilman Tontalo, supported by Councilman Emerson, the following resolution was offered:

RESOLUTION

WHEREAS, THE Charter of the City of Belleville was adopted in 1946, and,

WHEREAS, the terms of office for Councilmen and the Mayor were established at two years, and

WHEREAS, The Council of the City of Belleville deems it in the best interest of the City to provide a four-year

term of office for Councilmen and the Mayor and to provide for staggered terms of office for Councilmen.

NOW, THEREFORE, BE IT RESOLVED, that the Council of the City of Belleville does hereby propose to amend Section 2 of Chapter 11 of the Charter of the City of Belleville which amended section shall read as follows:

CHAPTER 11

Section 2. Terms of Office: The Mayor and each Councilman shall hold office for a term of four (4) years. The person elected to the office of Mayor at the regular city election held in 1975 shall hold office for four years. Two Councilmen shall be elected at each regular election and shall hold office for four years; provided, however, that at the regular city election held in 1975 the two Council candidates receiving the highest number of votes at said election shall be elected to serve until their successors are elected and qualified following the regular City election to be held in 1979 and the two Council candidates receiving the next highest number of votes shall be elected to serve until their successors are elected and qualified following the regular City election to be held in 1977. This Section shall be effective November, 18, 1975.

BE IT FURTHER RESOLVED, that the Section 2 being amended or abrogated now reads as follows:

CHAPTER 11

Section 2. The Mayor, each Councilman, the Treasurer and the Constable shall hold office for a term of two (2) years which they are elected, except all officers elected at the first election under this charter shall hold office until the second Monday next following the regular City election in 1948. The term of office of the Justice of the Peace shall be four (4) years, except that the Justice of the Peace elected at the first election under this charter shall hold office until the second Monday following the regular City Election in 1950.

BE IT FURTHER RESOLVED, that the form in which said proposed amendment shall appear on the ballot shall be determined in accordance with the provisions of the statute in such case made and provided and shall be as follows:

CHARTER AMENDMENT PROPOSITION NO. 1

Shall the Charter of the City of Belleville be amended, effective November 18, 1975, to provide that the term of office for Councilmen and the Mayor be four (4) years, with two (2) Councilmen being elected at each regular City election?

BE IT FURTHER RESOLVED, that the Council of the City of Belleville does hereby propose to amend Section 1 of Chapter 11 of the Charter of the City of Belleville which amended section shall read as follows:

CHAPTER II

Section 1. Elective Officers. The elective officers of the City shall be a Mayor and four (4) Councilmen, all of whom shall be elected at large and shall be electors of the City, and owners of property assessed for City Taxes, or the lawful husband or wife of such a person. No elective officer of the City shall be qualified to seek or be a candidate for any other elective City office unless he shall first resign from that elective City office which he is then holding, unless the term of the other elective office commences at the time the term of office then held expires. This Section shall be effective November 18, 1975.

BE IT FURTHER RESOLVED, that the Section I being amended or abrogated now reads as follows:

CHAPTER II

Section 1. Elective Officers. The elective officers of the City shall be a Mayor and four (4) Councilmen, all of whom shall be elected at large and shall be electors of the City and owners of property assessed for City Taxes, or the lawful husband or wife of such a person.

BE IT FURTHER RESOLVED, that the form in which said proposed amendment shall appear on the ballot shall be determined in accordance with the provisions of the statute in such case made and provided and shall be as follows:

CHARTER AMENDMENT PROPOSITION NO. 2

Shall the charter of the City of Belleville be amended, effective November 18, 1975, to provide that no elective officer of the City shall be a candidate for any other elective City office without first resigning from the office held, unless the term of office of the other elective office commences at the time the term of office then held expires?

BE IT FURTHER RESOLVED, that the proposed Charter Amendments be submitted to the qualified electors of the City at the regular City election to be held on the 4th day of November, 1975.

BE IT FURTHER RESOLVED, that the City Clerk and she is hereby instructed to transmit a true copy of the proposed Charter Amendments and of the proposed questions as they will appear on the ballot to the Attorney General for his approval in accordance with the provisions of Act No. 117, Public Acts of 1955.

BE IT FURTHER RESOLVED, that the City Clerk be and she is hereby instructed to transmit a true copy of the proposed amendments to the Charter of the City of Belleville to the Governor of the State of Michigan for approval in accordance with the statutes in such case made and provided.

BE IT FURTHER RESOLVED, THAT THE PROPOSED AMENDMENTS AS ABOVE SET FORTH, together with existing charter provisions which would be altered or abrogated thereby, be published in accordance with applicable statutes prior to the said regular city election to be held on the 4th day of November, 1975.

BE IT FURTHER RESOLVED, that the City Clerk be and she is hereby ordered and directed to post within the machine booths and in the polling places in which said election is conducted a verbatim statement of said proposed amendments pertaining to the submission of said amendments and to post and publish such other notices or copies of the proposed amendments pertaining to the submission of said amendments in said election as may be required by law and to do and perform all necessary acts in connection with such election as may be required by law.

RESOLUTION: CARRIED UNANIMOUSLY.

Upon Motion by Councilman Tontalo, seconded by Councilman Stinehour, that the following resolution was offered:

RESOLUTION

WHEREAS, the City of Belleville hereby concurs in being in objection to House Bill No. 4567, and

WHEREAS, THIS House Bill 4567 would divert 64 mills to the Detroit Public Library, which would be deducted from the 3 mills allocated to Wayne County for operation, and

BE IT RESOLVED, that the City Clerk, be and she is hereby instructed to forward copies of this Resolution, to the Senator, and State Representatives of this area, and

BE IT FURTHER RESOLVED, that the City Clerk be instructed to forward copies of this Resolution, to other Municipalities in Wayne County.

AYES: STINEHOUR, TONTALO, PALMER, EMERSON, AMERMAN

NAYS: NONE

RESOLUTION: CARRIED, UNANIMOUSLY.

Mr. Jaldhar Prasad P.E. attended Council, and asked to be considered as Consulting Engineer for the City of Belleville Building Department.

The Mayor and City Council advised Mr. Prasad, that it would be taken under advisement.

Motion by Emerson, seconded by Stinehour, that the meeting be adjourned.

Carried: Unanimously.

Jean Baumdraher, City Clerk

A SURE SIGN — The spring opener of baseball may be played in the cold, but at least the baseball team from Belleville High School will have shiny new helmets to ward off the cool breezes. Auto Body Shop students Jeff Schroeder and Henry Sanders are busy painting batting helmets for the baseball team. Although the paint will give the team a new look this spring, in bright orange, it also will bring Schroeder and Sanders a step closer to learning how to handle spray paint. The project is part of the state performance objectives for the auto body shop class at the high school.

Scanner to speed up checkout

Chatham Supermarkets Inc., which has stores in Wayne and Westland, has begun testing a new computer-driven checkout system which automatically records prices as each item is passed across an electronic scanner.

The price plus description of each product scanned is shown on a screen at the checkout counter, as well as printed on the register receipt.

Chatham, which calls the super-speed checkout system "total scan," is testing its use by store personnel and customer reaction to it at the chain's supermarket in Center Line.

Bernard Weissberg, President of Chatham, said: "While studies of this system in operation elsewhere have shown its efficiency results in significant cost savings which help combat rising food prices, we want to see for ourselves if there are real economic benefits for customer and company. We also want to determine

whether our customers agree that there are many conveniences for them in the total scan system."

He added that it would be impossible to estimate the period of the test and at what point Chatham officials would decide to make the installation permanent or abandon it.

Although Chatham is the first company in the state to give the new checkout system a trial, applications of the electronic system have been tested successfully and permanently installed in supermarkets throughout the United States and Canada. A system similar to total scan has been a successful supermarket operation for the last fourteen months.

The major anticipated consumer advantages include faster service at checkout, less chance of human error, detailed register tapes which show customers exactly each item purchased as well as the price paid for it and better

inventory control and faster restocking of popular items.

The key to the system are the Universal Product Codes (UPC) now printed on labels by all major food manufacturers. Combinations of bars and spaces on each UPC symbol represent product brands and quantities.

Prices of all coded items are stored in the memory bank of the in-store com-

puter. When the item is passed over the checkout counter scanner by the cashier, the code is read by the device and electronically reported to the computer. The proper price for the item, together with product description, instantaneously is flashed back to the viewer screen on the register and printed on the receipt tape.

Fresh fruits, vegetables and other items which must

be weighed to determine price are placed on a scale at the checkout scanner, and the code for the product punched into the system by the cashier. Exact weight and price will appear on screen while printed on the tape.

Although Chatham will put UPC symbols on items which do not yet carry manufacturer's label codes, as well as on meat packages, general merchandise not covered by the grocery industry's UPC program will be rung up in the regular way on the checkout register.

In addition to providing a complete record of purchases on the receipt tape, the record also will show date and day of the purchase, and even the checkout counter at which the transaction took place.

Other advantages of total scan include the automatic recording of taxable and non-taxable items. And the computer memory bank will prevent any customer from

inadvertently receiving an item which has been recalled by the manufacturer for any reason.

Kline joins leaders

A Romulus businessman has qualified for 1975 membership in the Life Insurance Leaders of Michigan, a state-wide organization affiliated with the Michigan State Association of Life Underwriters.

He is Charles R. Kline of K-Line Insurance Associates.

Life Insurance Leaders of Michigan has among its members many of the professional leaders in the life insurance industry.

VB schools hire new psychologist

The Van Buren School District has hired a new school psychologist.

He is Dr. James Bower, who comes from Ann Arbor after earning a doctorate at the University of Michigan.

Dr. Bower has nearly 12 years of experience in school psychology and the

assessment of children.

He lives in Ann Arbor with his wife and four children. Dr. Bower was hired April 7.

Besides attending the University of Michigan, he attended Eastern Michigan University and Washtenaw Community College.

VAN BUREN TOWNSHIP ORDINANCE NO. 4-8-75

AN ORDINANCE TO PROVIDE FOR MAKING AND FINANCING PUBLIC IMPROVEMENTS BY THE SPECIAL ASSESSMENT METHOD

THE TOWNSHIP OF VAN BUREN ORDAINS:

Section 1. The making and financing of public improvements by the special assessment method, when permitted by law and subject to township ordinance, shall be governed by this ordinance and all proceedings therefor shall be taken in accordance with the provisions of this ordinance.

Section 2. The term "public improvement" as used in this ordinance shall include any public improvement permitted by law including, but not limited to, public improvements permitted by Act 116 of 1923, as amended, and including the reconstruction in whole or in part of any structure or work as well as the original construction thereof. The cost of surveys, maps, drawings, plans and specifications for a public improvement and all expenses incident to the proceedings for the making of such improvements, the making and collecting of the special assessments therefor, the issuance of bonds in anticipation of such special assessments, and not to exceed 1 year's interest on bonds to be issued to finance said improvements, shall be deemed a part of the cost of said improvements. Whenever any property is acquired by condemnation, or otherwise, for the purpose of any public improvement all or any part of the cost thereof may be included as a part of the cost of such improvement. Any assessment may be made upon the basis of the estimated cost of the improvement if the actual cost has not been, definitely determined.

Section 3. Without petition or upon the filing of a petition and a determination of the sufficiency thereof if required by law, the Township Board may determine to make any public improvement and to defray the whole or any part of the cost thereof by special assessments against property especially benefited thereby, and shall by resolution of the Township Board declare its intention to do so.

Section 4. Upon the adoption of a resolution by the Township Board as provided in Section 3 hereof the Township Board shall determine the lands and premises proposed to be included in the special assessment district, and shall cause to be prepared and submitted to the Township Board (a) a map or drawing showing the route or location of the proposed improvement and the proposed special assessment district, (b) plans and specifications for the proposed improvement, and (c) an estimate of the cost thereof.

Section 5. Upon the submission of the above-mentioned map or drawing, plans, specifications and cost estimate, the Township Board shall, if it desires to proceed with the making of said improvement and the special assessments therefor, so declare by resolution. The Township Board, by said resolution, shall order the aforesaid map or drawing, plans, specifications and cost estimate to be filed in the office of the Township Clerk for public examination, shall determine the necessity of said improvement, shall state the estimated cost thereof, shall designate the district or lands and premises upon which the special assessments shall be levied, shall state what part of the cost of the improvement, if any, shall be assumed and paid from the general funds of the Township, and shall direct that the remainder be assessed in accordance with benefits to the lands and premises constituting said special assessment district, specifying the number of installments in which the assessments may be paid, and ordering the Township Supervisor to prepare a special assessment roll for all or that part of the cost to be so assessed.

Section 6. The Township Supervisor shall thereupon prepare the special assessment roll in which shall be entered and described all the lands and premises to be assessed, with the names of the respective owners thereof, if known, and the amount to be assessed against each such parcel of land or premises, which amount shall be such relative portion of the whole sum to be levied against all lands and premises in the special assessment district as the benefit to such parcel of land or premises bears to the total benefit to all lands and premises in the special assessment district. There shall also be entered upon said roll the amount which has been assumed by the Township at large, if any. When the Township Supervisor shall have completed the assessment roll, he shall file the same in the office of the Township Clerk, after first having affixed thereto a certificate stating that it was made pursuant to a resolution of the Township Board adopted on a specified date and that in making such assessment roll he has, according to his best judgment, conformed in all respects to such resolution, and this ordinance.

Section 7. Before finally determining to make such an improvement and before confirming such assessment roll, the Township Board shall appoint a time and place when it will meet and review the same and hear any objections to the sufficiency of the petition, if the improvement was initiated by petition, to the making of the improvement, to the assessing to the designated special assessment district of all or part of the cost of the improvement, and to the assessment roll. The Township Board shall cause notice of such hearing to be given by the Township Clerk not less than 10 days prior to the date of said hearing, (a) by publication thereof at least once in a newspaper having general circulation in the Township, and (b) by sending by first class United States Mail, postage thereon fully prepaid, a copy of said notice addressed to each person in whose name any land is assessed on said roll, and to other persons, if any, who are owners of or parties of interest in property to be assessed,

whose names appear on the last township tax assessment records, as supplemented, at the address shown on the tax records, and also (if such address is different from the address of the premises in the district) a copy of said notice addressed to the "Occupant" of each such premises which has an address served by United States Mail. Such notice shall specify the improvement, describe the district, state the estimated cost of the improvement, and give notice that the map or drawing, plans, specifications, cost estimate, and special assessment roll are on file with the Township Clerk for publication examination.

Section 8. The Township Board shall meet at the appointed time and place and at such hearing or any adjournment thereto which may be without further notice, shall review the improvement and the special assessment roll and hear and consider any objections thereto.

The Township Board without further notice, may revise, correct, amend or change the map or drawing, plans, specifications, estimate and/or district: Provided, that no property shall be added to the district until notice be given as above provided or by personal service upon the owners thereof and a hearing afforded such owners. If the Township Board desires to proceed with the making of said improvement and the special assessments therefor, it shall adopt a resolution approving the map or drawing, plans, specifications and cost estimate as originally presented or as revised, corrected, amended or changed, determining to make the improvement, and designating the lands and premises constituting the special assessment district therefor.

Further, the Township Board by resolution may confirm the special assessment roll as presented, or may correct it as to any matter appearing therein and confirm it as so corrected, or may refer it back to the Township Supervisor for revision, or may annul it and direct a new roll to be made. No original special assessment roll shall be finally confirmed except by the affirmative vote of five (5) members of the Township Board if prior to such confirmation written objections to the proposed improvement have been filed by owners of property which will be required to bear more than fifty per cent (50 per cent) of the amount of such special assessment. The Township Clerk shall endorse the date of confirmation upon each special assessment roll. After confirmation the special assessment roll and all assessments therein shall be final and conclusive.

Section 9. Special assessments may be made payable in one or more installments, as determined by the Board as permitted by law, but such installments may not exceed 30 in any event. The first installment shall be due at such time after confirmation as the Township Board shall provide and the several subsequent installments shall be due at intervals of 12 months from the due date of the first installment or from such other date as the Township Board shall fix. The amount of each installment (if more than one) need not be extended upon the special assessment roll until after confirmation. All installments not paid by a date to be fixed by the Township Board shall bear interest from such date at a rate to be determined by the Township Board. Such accrued interest on all unpaid installments shall be due and payable annually on the due dates of the respective installments. Any one or more installments may be paid at any time before due together with accrued interest on such installments.

Section 10. If any installment is not paid when due, then the same shall be deemed to be delinquent, and there shall be collected thereon, in addition to interest as above provided, a penalty at the rate of 1/2 of 1 per cent for each month or fraction thereof that the same remains unpaid prior to its transfer to the Township tax roll. In case any assessment or any installment thereof shall remain unpaid on the first Monday of November following the date when the same became delinquent, the same shall be reported unpaid by the Township Treasurer to the Township Board, and such delinquent assessment, together with all accrued interest, shall be transferred and reassessed on the next annual township tax roll in a column headed "Special Assessments" with a penalty of four per cent (4 per cent) upon such total amount added thereto, and when so transferred and reassessed upon said tax roll shall be collected in all respects as provided for the collection of township taxes.

Section 11. Special assessments and all interest, charges and penalties thereon, from the date of confirmation of the roll and until paid, shall be and remain a lien upon the property assessed of the same character and effect as the lien created for township taxes. No judgment or decree, nor any act of the Township Board vacating a special assessment shall destroy or impair the lien of the township upon the property assessed, for such amount of the assessment as may be equitably charged against the same, or as by a regular mode of proceeding might be lawfully assessed thereon.

Section 12. When any special assessment shall be confirmed, the Township Board shall direct the assessments so made in the special assessment roll to be collected. The Township Supervisor shall thereupon deliver to the Township Treasurer said special assessment roll to which the Township Supervisor shall attach his warrant commanding the Township Treasurer to collect from each of the persons assessed in said roll the amount of money assessed to and set opposite his name therein. Upon receiving such special assessment roll and warrant, the Township Treasurer shall proceed to collect the several amounts assessed therein.

Section 13. In addition to any other remedies and without impairing the lien therefor, any delinquent special assessment together with interest and penalties may be collected in an action of assumpsit in the name of the township against the person assessed, in any court having jurisdiction. If in any such action it shall appear that by reason of any irregularities or informalities the assessment has not been properly made against the defendant or upon the premises sought to be charged, the court may, nevertheless, on satisfactory proof that expense has been incurred by the township, which is a proper charge against the defendant or the premises in question, render judgment for the amount properly chargeable against such defendant or upon such premises.

Section 14. Should any lot or parcel of land be divided after a special assessment thereon has been confirmed and before the collection thereof, the Township Board may require the Township Supervisor to apportion the uncollected amounts upon the several parts of such lot or parcel of land. The report of such apportionment when confirmed shall be conclusive upon all parties, provided that before such confirmation, notice of hearing shall be given to all the interest parties by personal service or by publication and mailing as above provided in case of an original assessment roll.

Section 15. Additional pro rata assessments may be made when any special assessment roll proves insufficient to pay for the improvement for which it was levied and the expenses incidental thereto, or insufficient to pay the principal and interest on bonds issued in anticipation of such assessment roll: Provided, that the additional pro rata assessment shall not exceed 20 per cent of the assessment as originally confirmed, unless a meeting of the Township Board be held to review such additional assessment, for which meeting notices shall be published and mailed as provided in the case of review of the original special assessment roll.

Section 16. Whenever any special assessment roll shall, in the opinion of the Township Board, be invalid by reason of irregularity or informality in the proceedings, or if any court of competent jurisdiction shall adjudge such assessment to be illegal, the Township Board shall, whether the improvement shall have been made or not, or whether any part of the assessment shall have been paid or not, have power to cause a new assessment to be made for the same purpose for which the former assessment was made. All proceedings on such reassessment and for the collection thereof shall be conducted in the same manner as provided for in original assessment except as to corrections in the proceedings required to make the assessment legal. Whenever any sum or part thereof, levied upon any property in the assessment so set aside, has been paid and not refunded, the payment so made shall be applied upon the reassessment. If the payments exceed the amount of the reassessment, refunds shall be made.

Section 17. Moneys raised by special assessments for any public improvement shall be credited to a special assessment account and shall be used to pay for the costs of the improvement for which the assessment was levied and of expenses incidental thereto, to repay any principal and interest on money borrowed therefor, and to refund excessive assessments. The excess by which any special assessment proves larger than the actual cost of the improvement and expenses incidental thereto may be placed in the general fund of the township if such excess is five per cent or less of the assessment, but should the assessment prove larger than necessary by more than five percent the entire excess shall be refunded on a pro rata basis to the owners of the property assessed. Such refund shall be made by credit against future unpaid installments in the inverse order in which they are payable to the extent such installments then exist and the balance of such refund shall be in cash. No refunds may be made which contravene the provisions of any outstanding evidence of indebtedness secured in whole or in part by such special assessment.

Section 18. In the event that funds are on hand to defray the expense of any public improvement prior to providing of services or the completion thereof, the special assessment roll therefor may be made within one year after the services are provided and the improvement is completed and shall be based upon the actual cost thereof, including services provided prior to confirmation of roll, including services provided prior to confirmation of the roll.

Section 19. When the township may, by law, participate in inter-governmental improvements, the cost of which may be defrayed in whole or in part by special assessments, the procedure therefor shall be as provided by the law permitting the same. If such procedure is not so provided, the procedure established by this ordinance shall govern.

Section 20. All ordinances and resolutions and parts thereof, insofar as the same may be in conflict with the provisions of this ordinance, are hereby rescinded.

Section 21. This ordinance shall become effective immediately upon publication hereof.

Made and passed by the Township Board for the Township of Van Buren on the 8th day of April, A.D. 1975.

G.E. Gollwitzer
Supervisor
Patricia Cullin
Township Clerk

VAN BUREN TOWNSHIP BOARD MINUTES

REGULAR BOARD MEETING MINUTES APRIL 8, 1975

Meeting opened with the Pledge of Allegiance to the Flag. Supervisor Gollwitzer called the meeting to order at 7:30 P.M. Members present were: Supervisor Gollwitzer, Clerk Cullin & Trustees Domen, Kelly, Maton and Kureth. Treasurer York was absent due to illness. Also present were: Attorney Rice, Eng. Kelley, Sec'y. Soja and approximately 18 citizens.

Motion Domen, support Kelly, to accept the minutes of the regular meeting of 3-25-75 as presented. Carried. The letter from the State Tax Commission stating that they cannot legally put a moratorium on state equalization increases was read & filed.

Motion Kureth, support Kureth, to note & file the resolution from Lincoln Park and Romulus on H.B. 4254 and to get a copy of the HB 4254. If it is determined action is needed to bring back before the Board. Carried.

Motion Domen, support Kureth, to support the resolution from Huron & Romulus in regard to the Sheriff's discriminatory actions of service. Carried. Clerk Cullin read the Michigan Twp. News article on pending state legislation.

A discussion was held on the letter from Water Resources Commission. Board members expressed unbelief that the Water Resources Commission would ask us to approve the City of Belleville letting their sewer overflow into Belleville Lake after the great expense of cleaning and restocking the lake. A letter to the Water Resources Commission, as drafted by the Twp. attorney, objecting to this and asking for a full hearing was read.

Motion Cullin, support Domen, to adopt the Ordinance to Provide for Making and Financing Public Improvements by the Special Assessment Method. Carried.

Kureth asked for approval of hiring another fireman for Dept. No. 2. Domen asked that all information be presented at the next board meeting.

Board members questioned varying bid quotes for different communities on dust palliative. Motion Kureth, support Kelly, to table accepting the bid price for further information. Carried. More discussion followed. Motion Domen, support Kelly, if it is determined the Road Commission needs our approval immediately we accept the bid as submitted. Carried 4 to 1.

Motion Kureth, support Kelly, to continue membership and pay the dues of \$400.00 to SEMCOG. Carried.

Motion Cullin, support Domen, to authorize any board member who wants to go and the Chief of Police to attend Congressman Ford's Conference in Washington, D.C. Carried.

Motion Kureth, support Kelly, to return tax funds as instructed by the Michigan Tax Tribunal. Carried. Mr. Le Roy Carver & Mr. Harold Ackron of the JayCees appeared before the board requesting the use of the old Township Hall upstairs on a 5 year lease at \$100.00 per year. In return they will repair plumbing, heating, electrical and install a bathroom. Motion Cullin, support Maton, to approve the request if the lease is agreeable to both parties. Carried.

Motion Cullin, support Kelly, to approve the distribution of Federal Revenue Sharing Funds as submitted. Carried.

Motion Kureth, support Maton, to authorize Mr. Robertson to attend the Industrial Development Institute for 7 days in Oklahoma at a cost of \$495.00. Carried 4 to 1. Domen asked for a report of how many days are lost by employees off on some seminars.

Motion Cullin, support Kureth, to approve a fireworks permit for the JayCees on the 4th of July. Carried.

Motion Cullin, support Kelly, to approve the engineers working up new (as built) base maps for water and sewer at a cost not to exceed \$1,000. Carried. Clerk Cullin asked the engineers to incorporate zoning if possible.

Motion Kureth, support Kelly, to approve the Resolution Approving Construction of Sewer and Water Laterals to be financed by Special Assessment. Carried.

Clerk Cullin announced that the Consumer Protection Agency will be at the Township Hall on April 15 at 2 p.m. to hear consumers complaints.

Supervisor Gollwitzer announced there will be informal walk in sessions on Willow Run Airport on April 9 at City Hall in Belleville and April 10 at Ypsi Township Hall.

Clerk Cullin informed the board that the signatures on the Van Buren Estates weekly rubbish pickup petitions are being checked now.

Mr. Roberts (from the audience) asked if anything was being done about the papers blowing from the dump. Clerk Cullin stated that the dump owners have hired scouts to clean up. The papers blow as they are being dumped and there is no way to control it when we have strong winds.

Motion Kureth, support Maton, to approve the voucher lists as submitted. Carried.

Motion Domen, support Kelly, to adjourn. Meeting adjourned at 8:58 P.M.

Supervisor Gollwitzer reconvened the meeting at 9 P.M. with all members present. Motion Domen, support Cullin, to extend the weekly rubbish pickup in Van Buren Estates for 2 more weeks. Carried.

Motion Kureth, support Domen, to adjourn. Meeting adjourned at 9:04 P.M.

Respectfully submitted
PATRICIA CULLIN, Clerk
Van Buren Township
